Monster Fashion:

The Oxford Handbook of Biblical Monsters Associate Professor of Biblical Studies and Academic Dean Brandon R Grafius, Brandon R. Grafius, Adjunct Instructor in New and World Religions John W Morehead, John W. Morehead, 2025 The Oxford Handbook of Biblical Monsters brings together the work of world renowned scholars in Bible theology religion and cultural studies to explore the monsters that rampage through the biblical text. Essays provide in depth analysis of the Ancient Near Eastern background of these creatures explore how they have continued to live on after the biblical text and discuss how they remain impactful through art and literature today. The chapters not only study where monsters came from but continually focus on what they mean and how these meanings are generated. These chapters work to bridge the perspectives of traditional scholarship and more postmodern ideas of monsters as cultural and rhetorical constructions. There are chapters on the Ghosts of Mesopotamia Leviathan and the Giants but also on the Monstrous Jew in the Gospels and the Monstrosity of the Crucifixion. They serve both as foundational pieces of research for scholars looking to familiarize themselves with monsters and discourses of monstrosity but also as creative and provocative examinations of how these monsters generate meaning. While working to summarize the research that has been done on biblical monsters up to the present day this Handbook points the way forward towards new and exciting studies in unnatural creatures and the rhetoric of horror. Davisson, 2013-08-08 Lady Gaga represents both the height of celebrity and a disruption of the norms surrounding the social position. This book charts the way the pop star manages the celebrity persona in her relationships with her fans the development of her gender identity her parodying of other celebrities and her navigation of the legal and economic system that make up the music industry. Much of Gaga's ability to maintain ownership of her identity comes from her early decisions to characterize herself as a performance artist. For Gaga this means living the persona 24 hours a day seven days a week. Gaga mimicks celebrity life in a self conscious way that makes the mimicry apparent. Her performance of celebrity is an on going project despite what she may claim she was not born this way. The excess of her celebrity is magnified by her title Mother Monster. Historically media narratives of celebrities monsters and mothers have centered on uncontrolled excesses that must be contained. Gaga adopts these personas but refuses to submit to the containment that comes with each.
