Political Corruption Robert Alan Sparling,2019-05-17 The notion of corruption as a problem for politics spans many centuries and political social and cultural contexts But it is incredibly difficult to define what we mean when we describe a regime or actor as corrupt while corruption suggests a falling away from purity health or integrity it flourishes today in an environment that is often inarticulate about its moral ideals and wary of perfectionist discourse Providing a historical perspective on the idea Robert Alan Sparling explores diverse visions of corruption that have been elucidated by thinkers across the modern philosophical tradition In a series of chronologically ordered philosophical portraits Political Corruption considers the different ways in which a metaphor of impurity disease and dissolution was deployed by political philosophers from the Renaissance to the early twentieth century Focusing specifically on the thought of Erasmus tienne de La Bo tie Machiavelli Montesquieu Bolingbroke Robespierre Kant and Weber Sparling situates these thinkers in their historical contexts and argues that each of them offers a distinctive vision of corruption that has continuing relevance in contemporary political debates He contrasts immoderate purists with impure moderates and reveals corruption to be a language of reaction and revolution The book explores themes such as the nature of civic trust and distrust the relationship of transparency to accountability the integrity of leaders and the character of uncorrupted citizens the division between public and private the nature of dependency and the relationship between regime and civic disposition Political Corruption examines how philosophers have conceived of public office and its abuse and how they have sought to insulate the public sphere from anticivic inclinations and interests Sparling argues that speaking coherently about political corruption in our present moment requires a robust account of the good regime and of the character of its citizens and officeholders Histoire illustrée de la littérature française Gustave Lanson,1923
