## Mormon Essays

**W. Paul Reeve, Ardis E. Parshall**

## **Mormon Essays:**

**American Apocrypha** Dan Vogel, Brent Lee Metcalfe, 2002 In the preceding pages I have tried to show how a historical critical view of the Book of Mormon illuminates some of its more interesting problems Many questions remain and many problems have yet to be discovered and analyzed I myself have questions about the Book of Mormon s origins that I cannot yet answer However that fact does not diminish the certainty of my conclusion that the Book of Mormon is a modern text

**Faithful History** George Dempster Smith, 1992 Over the past decade Mormon history has undergone a transformation as LDS scholars have debated how their church s story should be written New Mormon Historians distinguish between what they believe is verifiable and what they suspect may be folklore and they approach history from a variety of different academic and social perspectives Mormonism has also become of interest to non LDS scholars This raises the question of whether outsiders can truly understand Mormons and conversely whether insiders can achieve enough detachment to see themselves objectively or whether this is even desirable Does history have an inherent meaning beyond the scholar s particular viewpoint and should a writer strive to understand another person s perspective or is one s own subjective vantage all that is possible and ultimately what is important The new Mormon traditionalists contend that objectivity is in fact impossible and that history is written with certain pre understandings also that some viewpoints are superior based on spiritual insight including a belief in God and in Joseph Smith as the prophet and that one should not impassively report examples of faith but should actively promote them In this compilation the editor has assembled sixteen essays which represent all sides of this ongoing discussion

**Line Upon Line** Gary James Bergera, 1989 Line Upon Line brings together for the first time in one book some of the most thoughtful and compelling essays on Mormon doctrine and theology that have appeared in recent years Among the contributors are Thomas G Alexander Peter C Appleby George Boyd David John Buerger Van Hale Boyd Kirkland Blake Ostler Stephen L Richards Kent E Robson Thaddeus E Shoemaker Vern Swanson Dan Vogel and Linda P Wilcox For anyone who has assumed that Mormon doctrine appeared whole cloth in a single revelation Line Upon Line is an important primer No issue however central to Latter day Saint theology is exempt from gradual development over time This includes the nature of God the progression of the soul free agency the possibility of repentance and forgiveness through a divine sacrifice the creation of the world evolution of the species and the nature and origin of evil In Line Upon Line sixteen thoughtful compelling essays offer reflective historical discussions of the development of Mormon doctrine from the statements of church leaders to the writings of LDS theologians to canonized scripture rather than on the authors personal speculations Noting the relative strengths and weaknesses of various theological or doctrinal teachings due to limited human understanding the contributors suggest that differences of opinion can indicate the presence of genuine and sincere faith that God s truth is nevertheless present in scriptural metaphor

**To the Glory of God** Hugh Nibley, 1972

**Vitality of Mormonism** James E. Talmage, This book one of the doctrinal classics by Elder James A Talmage contains 104

essays by Elder Talmage on various gospel topics that are unique to Mormonism Topics include the Articles of Faith the Book of Mormon and the Bible prophets apostles modern revelation laws and the constitution democracy and the nature of God Elder Talmage is widely recognized as a premier LDS scholar His seminal work Jesus the Christ has been read by generations of missionaries and others seeking to learn more about the life of Christ and become His disciples Jesus the Christ was first published in 1915 four years before this book In addition to Jesus the Christ Talmage is also the author of Articles of Faith Articles of Faith Great Apostasy House of the Lord Story and Philosophy of Mormonism as well as hundreds of General Conference talks and articles for LDS Church publications The writings of Elder Talmage are filled with faith and have the power to bring those who seek diligently closer to Jesus Christ I hope that they will strengthen your faith as they have mine **The Vitality of "Mormonism"** James E. Talmage,2018-01-28 Reproduction of the original **From the**

**Outside Looking In** Matthew J. Grow,2015-11-02 This book contains fifteen essays from leading historians and religious studies scholars each originally presented as the annual Tanner lecture at the conference of the Mormon History Association Approaching Mormon history from a variety of angles such as gender identity creation American imperialism and globalization these scholars all experts in their fields but new to the study of Mormon history itself ask intriguing questions about Mormonism s past and future and analyze familiar sources in unexpected ways *Believing History* Richard Lyman Bushman,2007-02-13 The eminent historian Richard Bushman here reflects on his faith and the history of his religion By describing his own struggle to find a basis for belief in a skeptical world Bushman poses the question of how scholars are to write about subjects in which they are personally invested Does personal commitment make objectivity impossible Bushman explicitly and at points confessionally explains his own commitments and then explores Joseph Smith and the Book of Mormon from the standpoint of belief Joseph Smith cannot be dismissed as a colorful fraud Bushman argues nor seen only as a restorer of religious truth Entangled in nineteenth century Yankee culture including the skeptical Enlightenment Smith was nevertheless an original who cut his own path And while there are multiple contexts from which to draw an understanding of Joseph Smith including magic seekers the Second Great Awakening communitarianism restorationism and more Bushman suggests that Smith stood at the cusp of modernity and presented the possibility of belief in a time of growing skepticism When examined carefully the Book of Mormon is found to have intricate subplots and peculiar cultural twists Bushman discusses the book s ambivalence toward republican government explores the culture of the Lamanites the enemies of the favored people and traces the book s fascination with records translation and history Yet Believing History also sheds light on the meaning of Joseph Smith and the Book of Mormon today How do we situate Mormonism in American history Is Mormonism relevant in the modern world Believing History offers many surprises Believers will learn that Joseph Smith is more than an icon and non believers will find that Mormonism cannot be summed up with a simple label But wherever readers stand on Bushman s arguments he provides us with a provocative and open look at a believing historian studying his

own faith     **The New Mormon History** D. Michael Quinn, 1992 The New Mormon History is the banner under which many professional historians today approach Latter day Saint historiography Scholars who embrace this term attempt to put significant events into context rather than bracketing data that might seem challenging to traditional assumptions These scholars are also as interested in the experience of the rank and file as in the lives and edicts of the leaders and pursue questions about women minorities domestic life diet fashion and the common church experience They employ statistical analysis and theories and methods of the social sciences in their work In this collection D Michael Quinn has selected fifteen essays which demonstrate the methods of this new history Contributors include Thomas G Alexander James B Allen Leonard J Arrington Maureen Ursenbach Beecher Eugene E Campbell Kenneth L Cannon II Mario S DePillis Robert B Flanders Klaus J Hansen William G Hartley Stanley S Ivins Dean L May Linda King Newell B H Roberts Jan Shipps and Ronald W Walker Participants offer new ideas and give readers the opportunity to determine for themselves the relative success of these approaches by presenting examples The collection demonstrates areas of interpretation that may be considered revisionist as well

**The Prophet Puzzle** Bryan Waterman, 1999 Unraveling the complexities of Joseph Smith s character and motives is difficult but before the puzzle can be solved all the pieces must be gathered and correctly interpreted Parts of the picture are still missing only because they have been overlooked ignored or mishandled pieces which reveal previously hidden features of Smith s complex conflicted and gifted personality Some of the contributors to this anthology look at the religious side of the prophet and explore his inner spiritual world Others look at secular issues Some view the relevance of his activity as a treasure seer since this is one part of the puzzle that has not been fully investigated by Mormons generally In pursuing the prophet puzzle contributors seek to understand Joseph Smith not to judge him knowing that he is an enigma for believer and skeptic alike As non Mormon historian Jan Shipps a contributor to this collection observes The mystery of Mormonism cannot be solved until we solve the mystery of Joseph Smith Contributors include Thomas G Alexander Robert D Anderson Gary James Bergera Newell G Bringhurst Richard L Bushman Eugene England Lawrence Foster Ronald V Huggins Lance S Owens Karl C Sandberg Jan Shipps Joseph Smith Susan Staker Alan Taylor Richard S Van Wagoner Dan Vogel and Steven C Walker

**Future Mormon** Adam S. Miler, 2016-05-17 I have three children a girl and two boys Our worlds overlap but already these worlds are not the same Their worlds the worlds that they will grow to fill are already taking leave of mine Their futures are already wedged into our present This is both heartening and frightening So much of our world deserves to be left So much of it deserves to be scrapped and recycled But too this scares me I worry that a lot of what has mattered most to me in this world Mormonism in particular may be largely unintelligible to them in theirs This problem isn t new but it is perpetually urgent Every generation must start again Every generation must work out their own salvation Every generation must live its own lives and think its own thoughts and receive its own revelations And if Mormonism continues to matter it will be because they rather than leaving were willing to be Mormon all over again Like our grandparents like our parents and

like us they will have to rethink the whole tradition from top to bottom right from the beginning and make it their own in order to embody Christ anew in this passing world To the degree that we can help our job is to model that work in love and then offer them the tools the raw materials and the room to do it themselves These essays are a modest contribution in this vein a future tense apologetics meant for future Mormons They model I hope a thoughtful and creative engagement with Mormon ideas while sketching without obligation possible directions for future thinking    **Multiply and Replenish** Brent Corcoran,1994 These fifteen essays explore Mormon sexuality at length the early emergence of polygamy Joseph Smith s humanistic theology the Victorian bent Mormon sexual attitudes took on in the early 20th century homosexuality birth control and expanded gender roles    *Tending the Garden* Lavina Fielding Anderson,Eugene England,1996 The field of LDS letters has blossomed over the past few decades Critical attention is one indication though a particularly important one of the increasing maturity of Mormon writing Where authors once could not expect to be reviewed they are now included in the most prestigious literary journals and occasionally featured in the national press Increasingly they find that their audience includes people outside the LDS faith Contributors to this collection are experts with specialty interests They discuss trends beginning with Parley P Pratt s autobiography to more recent works by Levi Peterson and Terry Tempest Williams They address Mormon aesthetics summarize the historical development of LDS writing and explore contributions by specific authors A recurring question is what has been gained from all this effort whether readers are better for it and whether literature reflects or influences life For some this discussion provides food for thought Others value the recommendations about what to read Whether one is looking for literary criticism or entertainment this collection has something for anyone who appreciates good writing    **The Ritualization of Mormon History, and Other Essays** Davis Bitton,1994 How did the Latter day Saints of the 19th century defend their plural marriage system What kind of poetry was written on the Mormon frontier and what social function did it perform In a collection intended to convey the excitement and variety of Mormon history Bitton considers these and other issues and demonstrates how a religious group survives and maintains its sense of identity in the face of change and adaptation to new circumstances    *Mormon Feminism* Joanna Brooks,Rachel Hunt Steenblik,Hannah Wheelwright,2015-10-01 This is the first ever collection of classic writings and speeches from four decades of the modern Mormon feminist movement A definitive and essential guide for anyone who wants to understand the unique and often controversial history of gender in Mormonism Mormon Feminism makes available in one place for the first time the groundbreaking essays speeches and poems of the Mormon feminist movement    [The Anatomy of Book of Mormon Theology, Volume One](#) Joseph M. Spencer,2021-11-16 Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as Joseph M Spencer And of those none have devoted as much time and effort as he to a theological reading of that sacred text that is as Spencer writes how it might shape responsible thinking about questions pertaining to the life of religious commitment p 1 173 The Anatomy of Book of Mormon Theology divides into two volumes

exploring and thinking about these pertinent questions Each concerns a different part of the defense of the claim that theology is and ought to be particularly important for Book of Mormon studies In this first volume Spencer gathers early essays in which he gestures toward theological interpretation without knowing how to defend it essays about why theology is important to Book of Mormon scholarship and how to ensure that it does not overstep its boundaries and essays that do theological work on the Book of Mormon in relatively obvious ways or with relatively traditional topics The last category of essays divides into two subcategories essays specifically on the central theological question of Jesus Christ s atonement as the Book of Mormon understands it and essays on a variety of traditional theological topics again as the Book of Mormon understands them

**Mormon Mavericks** John R. Sillito, Susan Staker, 2002 A collection of essays explores Latter Day Saints renegades whose loyalties were often split between culture and conscience helped shape modern ideas about Mormonism and who were willing to ask hard questions about politics history and theology *The LDS Gospel Topics Series* Matthew L Harris, Newell G. Bringhurst, 2020-09-15 This anthology provides a scholarly in depth analysis of the thirteen Gospel Topics essays issued by the Church of Jesus Christ of Latter day Saints from December 2013 to October 2015 The contributors reflect a variety of faith traditions including the LDS Church Community of Christ Catholic and Evangelical Christian Each contributor is an experienced thoughtful scholar many having written widely on religious thought in general and Mormon history in particular The writers probe the strengths and weaknesses of each of the Gospel Topics essays providing a forthright discussion on the relevant issues in LDS history and doctrine The editors hope that these analyses will spark a healthy discussion about the Gospel Topics essays as well as stimulate further discussion in the field of Mormon Studies

**Mormonism** W. Paul Reeve, Ardis E. Parshall, 2010-08-10 It began in upstate New York with Joseph Smith s miraculous vision It spread across the American West with Brigham Young s founding of over 300 settlements and his establishment of Utah as its headquarters Today Mormonism is continually expanding with more members outside the United States than within Mormonism A Historical Encyclopedia helps readers explore a church that has gone from being an object of ridicule and sometimes violent persecution to a worldwide religion counting prominent businesspeople and political leaders among its members including former Massachusetts governor and 2012 presidential candidate Mitt Romney

**Mormonism and the Nature of God** Kurt Widmer, 2012-10-12 Until around the latter part of the 20th century Mormonism has been presented in scholarly reconstructions as a religion that has not changed significantly from its beginnings whose presently held beliefs existed as a central core of doctrine at the church s founding in 1830 The author argues instead that the development of Mormonism has been primarily due to external events popular cultural philosophical religious and scientific and that these influences have led to the emergence of several streams of thought that are actually in opposition to the early beliefs of the church Mormonism can be seen as a reflection of the development of American society and culture from the early 1800s to the present The major aim of this work is to establish a proper chronology for the development of

Mormon thought specifically in its concept of the nature of God

## Enjoying the Melody of Phrase: An Mental Symphony within **Mormon Essays**

In a world taken by displays and the ceaseless chatter of fast communication, the melodic splendor and emotional symphony produced by the prepared term frequently fade in to the backdrop, eclipsed by the relentless noise and distractions that permeate our lives. But, nestled within the pages of **Mormon Essays** a stunning fictional value overflowing with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that fascinating masterpiece conducts viewers on an emotional journey, well unraveling the concealed melodies and profound influence resonating within each cautiously constructed phrase. Within the depths with this touching examination, we can investigate the book's key harmonies, analyze its enthralling publishing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
