## **Malcolm X and the Poetics of Haki**

**Madhubuti** Regina Jennings, 2006-10-12 Illustrating the power of oratory in the 1960s and its successful merging with the art of that era this text examines the significance of Malcolm X as a literary muse for Haki Madhubuti one of America's premiere poets and essayists. Long after the death of Malcolm X Haki Mudhubuti continued to expound on X's major oratorical themes including the effort to destroy the racial appellation Negro and to create new definitions for words that relate to Africa X's persistence in oratory during the 1960s influenced an art movement that changed the psychology and behavior of American Blacks. Through a historical and literary analysis of Black poetry this text charts how selected writers exhibited great tensions around issues of race until the arrival of the 1960s generation of artists. This book contributes to a broader understanding of Malcolm X and his impact on American writing and culture

## ***Nrityachitram : Untold story from Natyashastra***

Debabrata Pal, Nritya Chitram Untold Story from the Natyashastra explores a rarely articulated dimension of Indian aesthetic philosophy in which dance painting sculpture music and emotion converge into a single expressive system. Drawing from classical texts such as the Natyashastra Abhinaya Darpana and Vishnudharmottara Purāna the book reveals how movement was historically understood as a visual act and how gesture rhythm and rasa carried inherent chromatic and sculptural intelligence. Through detailed analysis of mudras bhava raga colour relationships temple iconography and cross cultural parallels the work uncovers a hidden language where the body functions simultaneously as performer image maker and archive. Authored by Debabrata Pal a contemporary practitioner of Nritya Chitram the book bridges theory and practice by situating ancient Sastric wisdom within a living evolving artistic methodology. By examining historical lineages from temple sculptors and classical choreographers to modern revivalists and global performance traditions the book positions Nritya Chitram as both inheritance and innovation. It invites readers to reconsider dance not merely as ephemeral performance but as a form of visual storytelling capable of leaving lasting material traces transforming movement into image and reconnecting the transient human body with enduring artistic memory

## **Lessons from My Mother's**

Kitchen Ranjini Rao,2020-10-20 When I lost my mother to a long and painful battle with cancer four years ago I was thousands of miles away alone and thick with grief At first everything seemed distant and pale and I went through my days like a robot lead footed and sandy eyed trying to make sense of each moment It took a while but I came to understand that the only way out was through At some point I submitted to the dagger of sorrow as it carved out a hollow in my heart turning me into some sort of an unself conscious sculpted form I re lived all the memories of my mother and gleaned new lessons from them Through the eighteen essays in this book I recount how her food music and stories all the things that she birthed in her spacious sun dappled kitchen helped me cope with long distance grief and taught me to look at life with renewed hope I also present some special recipes straight from Amma s kitchen and a bunch of kitchen poems in her honour finding her in such things as the sizzling of spices the bubbling of flavourful broths or a melodious Raga swirled into my cup of coffee My wish is that this book will come to stand for all this and more a celebration of life and a quiet acceptance of death I hope that it will inspire and touch many those who are going through rough times or those who are simply living the ordinary life for often we forget that there s so much magic in it
