*The Shot That Killed JFK*

BONAR MENNINGER

## Mortal Error

**MARY BAKER EDDY**

## **Mortal Error:**

*Mortal Error* Bonar Menninger, 2021-03-25 In 1967 a Baltimore man named Howard Donahue began investigating the assassination of President John F Kennedy. Like countless Americans, Donahue was fascinated by the events in Dallas. But what separated him from other amateur sleuths and even the Warren Commission's experts was a lifetime's experience with guns and ballistics. *Mortal Error* Bonar Menninger chronicles Donahue's twenty-five-year investigation of President Kennedy's death and the stunning revelation his work produced. In crisp, rapid fire prose, Menninger relates one of the greatest true life detective stories ever told. More importantly, he offers solutions to questions that have haunted America for more than 50 years. Complete with 15 forensic diagrams, photos, and illustrations, including images from the crime scene and the president's autopsy, this thoroughly researched exposé delves deeply into every angle of the Kennedy assassination. It examines the infamously controversial Warren Report, various theories surrounding the shooting, and previously undisclosed forensic and ballistic clues to build a case for the clearest, most plausible explanation yet about the events of that historic day in Dallas.

**Mortal Error** Bonar Menninger, 1992-01-01 Another conspiracy theory identifies the two men who, operating separately, allegedly shot President Kennedy in the Crime of the Century Reprint *Reclaiming History* Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured. This book releases us from a crippling distortion of American history. At 1:00 p.m. on November 22, 1963, President John F Kennedy was pronounced dead, the victim of a sniper attack during his motorcade through Dallas. That may be the only fact generally agreed upon in the vast literature spawned by the assassination. National polls reveal that an overwhelming majority of Americans—75% believe that there was a high-level conspiracy behind Lee Harvey Oswald. Many even believe that Oswald was entirely innocent. In this continuously absorbing, powerful, groundbreaking book, Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history. The brilliant prosecutor of Charles Manson and the man who forged an iron-clad case of circumstantial guilt around O.J. Simpson in his best-selling *Outrage*, Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination. This is an achievement that has for years seemed beyond reach. No one imagined that such a book would ever be written, a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible. There have been hundreds of books about the assassination, but there has never been a book that covers the entire case, including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based. In this monumental work, the author has raised scholarship on the assassination to a new and final level, one that far surpasses all other books on the subject. It adds resonance, depth, and closure to the admirable work of the Warren Commission. *Reclaiming History* is a narrative compendium of fact, forensic evidence, reexamination of key witnesses, and common sense. Every detail and nuance is accounted for, every conspiracy theory revealed as a fraud on the American public.

Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare. At last it all makes sense.
