Morvern Callar:

Morvern Callar Alan Warner, 1995 Morvern Callar a low paid employee in the local supermarket in a desolate and beautiful port town in the west of Scotland wakes one morning in late December to find her strange boyfriend has committed suicide and is dead on the kitchen floor Morvern's reaction is both intriguing and immoral What she does next is even more appalling Moving across a blurred European landscape from rural poverty and drunken mayhem of the port to the Mediterranean rave scene we experience everything from Morvern's stark unflinching perspective Morvern is utterly hypnotizing from her very first sentence to her last She rarely goes anywhere without the Walkman left behind as a Christmas present by her dead boyfriend and as she narrates this strange story she takes care to tell the reader exactly what music she is listening to giving the stunning effect of a sound track running behind her voice In much the same way that Patrick McCabe managed to tell an incredibly rich and haunting story through the eyes of an emotionally disturbed boy in The Butcher Boy Alan Warner probes the vast internal emptiness of a generation by using the cool haunting voice of a female narrator lost in the profound anomie of the ecstasy generation Morvern is a brilliant creation not so much memorable as utterly unforgettable Publisher's description

The Cambridge Introduction to Modern British Fiction, 1950-2000

Dominic Head, 2002-03-07 In this introduction to post war fiction in Britain Dominic Head shows how the novel yields a special insight into the important areas of social and cultural history in the second half of the twentieth century Head's study is the most exhaustive survey of post war British fiction available It includes chapters on the state and the novel class and social change gender and sexual identity national identity and multiculturalism Throughout Head places novels in their social and historical context He highlights the emergence and prominence of particular genres and links these developments to the wider cultural context He also provides provocative readings of important individual novelists particularly those who remain staple reference points in the study of the subject Accessible wide ranging and designed specifically for use on courses this is the most current introduction to the subject available An invaluable resource for students and teachers alike

Disappearing Men Carole Jones, 2009 Disappearing Men examines the complex and rebellious representations of gender in the work of several writers of devolutionary Scottish fiction in the period 1979 to 1999 The study focuses on the context of a crisis in masculinity accompanying the rapidly changing male role in the period concluding that men often disappear from sight in this writing highlighting issues of male insecurity and female disorientation in a new gender landscape Hence the novels examined here by authors James Kelman Jancie Galloway Jackie Kay A L Kennedy and Alan Warner strongly challenge the stereotype of the Scottish hardman and his dominance in 20th century Scottish fiction Disappearing Men dissects this challenge by giving major consideration to the relationship between the innovative literary forms often found in this writing and the concepts of selfhood they give rise to The possibilities inherent in these texts of reimagining gender identity and relations make them important contemporary documents of our struggles with realising selfhood and relations with others A
