Moscow Yankee:

Moscow Yankee Myra Page, 1935 The Depression era closing of a Ford plant sends Andy and two companions to Moscow to find work in a Soviet automotive plant where he meets Natasha an exemplar of the new Soviet woman Based on Myra Page's own experiences in Moscow during the first Five Year Plan Natasha is a portrait of women's contradictory social position in the early periods of socialist construction At the core of this novel is a firsthand look at the developing forces and changing relations of production forces that bring about the conversion of Andy into a Moscow Yankee While revealing the political and economic policies that would inevitably lead to the demise of Soviet style socialism **Moscow Yankee** refutes the notion that egalitarian societies cannot succeed because they fail to take into account the individualism and greed of human nature Barbara Foley's introduction analyzes the Soviet Socialist construction in Page's novel and the politics of the novelistic form in relation to **Moscow Yankee** Originally published in 1935 A picture of Americans lured to Moscow by hope in the great experiment and of others driven there by the depression and of still others attracted by the simple desire to get good engineering jobs **Moscow Yankee** has a decided value a sense of life stirring in the chaos of destruction and reconstruction *The New York Times Book Review*

The Novel and the American Left Janet Galligani Casey, 2004-06 The first collection of critical essays to focus specifically on the fiction produced by American novelists of the Depression era **The Novel and the American Left** contributes substantially to the newly emerging emphasis on twentieth century American literary radicalism Recent studies have recovered this body of work and redefined in historical and theoretical terms its vibrant contribution to American letters Casey consolidates and expands this field of study by providing a more specific consideration of individual novels and novelists many of which are reaching new contemporary audiences through reprints **The Novel and the American Left** focuses exclusively on left leaning fiction of the Depression era lending visibility and increased critical validity to these works and showing the various ways in which they contributed not only to theorizations of the Left but also to debates about the content and form of American fiction In theoretical terms the collection as a whole contributes to the larger reconceptualization of American modernity currently under way More pragmatically individual essays suggest specific authors texts and approaches to teachers and scholars seeking to broaden and or complicate more traditional American modernism syllabi and research agendas The selected essays take up among others such hard core leftist writers as Mike Gold and Myra Page who were associated with the Communist Party the popular novels of James M Cain and Kenneth Fearing whose works were made into successful films and critically acclaimed but nonetheless lost novelists such as Josephine Johnson whose *Now in November* Pulitzer Prize 1936 anticipates and complicates the more popular agrarian mythos of Steinbeck's *The Grapes of Wrath* This volume will be of interest not only to literary specialists but also to historians social scientists and those interested in American cultural studies

envisioned experienced and interpreted Russia the Soviet Union over the last century While many histories of diplomatic economic and intellectual connections between the United States and the Soviet Union can be found none has yet examined how Americans encounters with Russian Soviet society shaped their representations of a Russian Soviet other and its relationship with an American west The essays in this volume critically engage with postcolonial theories which posit that a self valorizing unmediated west dictated the colonial encounter repressing native voices that must be recovered Unlike western imperialists and their colonial subjects Americans and Russians long co existed in a tense parity regarding each other as other than European equals sometime cultural role models temporary allies and political antagonists In examining the fiction film journalism treatises and histories Americans produced out of their Russian experience the contributors to this volume closely analyze these texts locate them in their sociopolitical context and gauge how their producers profession politics gender class and interaction with native Russian interpreters conditioned their authored responses to Russian Soviet reality The volume also explores the blurred boundaries between national identities and representations of self other after the Soviet Union s fall
