## **Most Important Thing I Know:**

*The Most Important Things You'll Need to Know Before You Start Living Life on Your Own* John Gerger, 2002-12-09 This book written for and to the author's children contains the information that he wanted to pass on to them before they started living their lives on their own. He realized that there was plenty he failed to teach them while he was away from home on business. This book is his attempt to put the information that he thought they would need into a form that they could read now and reference again later. It contains information about the things that they would face for the first time such as planning and budgeting bank accounts and writing checks, building and maintaining a good credit report, apartments and leases, and the responsibilities and costs involved in owning an automobile. It contains information that he hoped would help his children minimize the mistakes that they were sure to make. After he wrote it, he realized that ANYONE who was about to start living life on their own could benefit from this information. This book contains information about the most important things YOU'LL need to know before you start living life on your own.

**THE 200 MOST IMPORTANT THINGS KIDS NEED TO KNOW ABOUT LIFE** DAVID HELLER, Ph.D. and Jared Heller, 2014-03 *The 200 Most Important Things Kids Need to Know About Life* is a collection of philosophy, wisdom, and compelling maxims about all the big subjects in life for both parents and children. The experience of reading the book is like taking a course in Life 101. Among the salient topics addressed are love, friendship, the genders, the parent-child relationship, siblings, selfishness, honesty, integrity, compassion, achievement, morality, and spirituality. Education, competition, making one's way in the world, being your own person, developing your values, finding your identity, and much, much more. These compelling excerpts reflect the breadth and diversity of subjects that the book embraces. Thoughtfulness to others is a gift you give to yourself. Being flexible is not only a quality of rubber bands; it's useful for people, too. All of the different races and cultures of the world may be nature's way of drawing and coloring. There is no such thing as excelling at something without practice and lots of it. A boy is an aspiring man in search of a roadmap for how to be one. A girl is a woman in the making who needs some help with some finishing touches.
