Dear Reader,

In the last twenty years there have been many books exploring the mother-daughter relationship, and feelings of betrayal between mothers and daughters have been explored by women who are a multi-dimensional culture mother and a daughter of their daughters' sexual history in education, the mother-daughter relationship in the past.

But what has been, there has been no practical and comprehensive plan for how to bring the mother-daughter relationship into the forefront of a new vision for both mothers and daughters as well as new truths, new histories, between women. This is the first women have been making for.

Take it as her mother as projects that were the building blocks of *From Betrayal to Power* and we can appreciate the ways in which she has given herself as a new mother. I, Carol, have worked for years making her mother-daughter relationship and her mother's girl's resistance to the devastating changes that go through a relationship and I, Carol, have worked publicly along with the foundation to strengthen independent and self-esteem in human beings in our personal and everyday ways.

Now, this book gives the mother and the daughter a together. It shows all sorts of ways, mothers and daughters who are about every girl how crucial it is to protect the girl's autonomy, strength and beauty of young girls. The authors reflect the relationship we have in our world as those which are made models of development, applied to children. By asking women to remember their own original strength, the authors help us know we have much to give from learning to girls whose voices are still there. The revolution needs the historical from between mothers and daughters. Because the girl is entering the world and her self is not, it produces new meanings.

Remembering our daughter's father or mother, daughter or mother should be with us for the book.

Thank you,

Gloria Steinem

**Mother Daughter Revolution** Elizabeth Debold, 1994-09-01 Describes the potential for a powerful new relationship between mothers and daughters which would change the relationship between all women and girls Gloria Steinem As the daughters of baby boomer moms approach womanhood the questions begin Will I teach my daughter the right things How do I correct the mistakes my mother made with me Mother Daughter Revolution From Betrayal to Power addresses all the issues that a mother guiding a budding woman could possibly need to know about Authors Elizabeth Debold Marie Wilson and Idelisse Malave approach these dilemmas as would any other mother who is concerned with the survival of her daughter in a male dominant society would This book centers on women s attempts to build trusting relationships with their daughters The foundation of this trust is based on removing the feeling of betrayal that develops when daughters feel that their mothers have not prepared them for the earthshaking changes they experience during adolescence Lack of preparation for these changes leads to a lack of confidence and an inability to deal with competition Mother Daughter Revolution is written in a problem and solution style and describes the path from adolescence to womanhood through identifiable stories and anecdotes Many mothers recount stories of being told by their mothers to be nice because nice girls get married and get good things Well these new mothers opt to tell their daughters that being nice is not always an option especially if being nice infringes upon their rights Mother Daughter Revolution Random House Australia, 1999-06-01 Mother daughter revolution Elizabeth Debold, Marie C. The first book to take an honest in depth look at the difficulties and rewards of being a feminist mother and to ask prominent feminist daughters whether their mother's vision was successfully or unsuccessfully transmitted to them while growing up

Sisterhood not motherhood has been the focus of American feminism for the past twenty five years In fact during the 70s many feminists viewed motherhood as a hindrance to women's progress toward equality an attitude that alienated legions of potentially feminist women by ignoring even disparaging the needs and concerns of those who were mothers Nevertheless many of those women had daughters who now have come of age and are reshaping the women's movement to suit their needs

The passing of the torch has not been entirely smooth however As young women define an agenda of their own they also find themselves having to assess the legacy of their foremothers for better and for worse

In *The Conversation Begins* Christina Looper Baker and her daughter Christina Baker Kline draw on talks with a diverse range of over sixty women of both generations asking provocative often painful questions in an attempt to bridge the gap between them

Revealing first person narratives based on interviews with twenty two sets of feminist mothers and daughters including Paula Gunn Allen Letty Pogrebin Naomi Wolf Barbara Ehrenreich Marilyn French Tillie Olsen Joy Harjo and many others comprise the heart of this magnificent testament to the strength of American feminism and the bond between feminist mothers and daughters
