**TikTok Algorithms 2025** Jordan Smith, 2022-05-05

Sharn Rayment, multimedia freelance producer. You definitely have to embrace and commit to using TikTok to the fullest extent possible to create a content backlog for the 'for you' page. As for younger and older generations, TikTok has democratized creativity and social media. According to official figures from TikTok, its customers remain faithful and are starting to return to the app. In fact, 90% of users use the app several times a day. Overall, TikTok is asking us to reconsider the way our content is strategized. I do hope these tips give you some ideas on how to handle TikTok and the way you prepare and create your content in general.
