Meaning Of Midlife:

Meaning in Mid-Life Transitions Edmund A. Sherman, Professor Edmund Sherman, 1987-01-01 This book contributes to an understanding of the nature of mid life transitions and crises by focusing on the unique personal meaning of the transitional experience for the individual There is an implicit structure to the way in which such a transition is experienced by the individual and this can be made explicit by the techniques and methods of the approach outlined and illustrated in the book The value of making this structure explicit is that it enables us to understand and assess the nature and dimensions of the transition whether or not it will reach crisis proportions and to assess possible intervention strategies Meaning in Mid Life Transitions should be of interest to human service practitioners as well as teachers and students of human development and behavior It evidences an integrative approach and structural framework including a series of in depth clinical and research studies Meaning of Midlife D. Bennett, 1995-03-01 **The Meaning of Midlife** D. Bennett, D. Degeling, 1995-03-01

Midlife Creativity and Identity Philip Miles, 2018-11-30 This book explores the artistic routines and inspirations of amateur and professional musicians fine artists and literary authors experiencing midlife Based on ethnographic insight it argues that creativity is driven by the pursuit of a mezzanine in between state where the anarchy of possibility is an antidote to the realities of middle age **The Meaning of Midlife** Clinton Bennett, Diane Bennett, Deirdre E. Degeling, 1995 **A Critical Approach to Human Growth and Development** Paula Nicolson, 2014-04-25 What does it mean to be human This critical text from a well respected author captures and interrogates the many models which have been developed to explore and explain human behaviour Informed by sociological psychological and biological perspectives the book plots the key stages of the life course from childhood through to older age Midlife Crisis Horton Knight, 2020-09-01 This book consists of two titles which are the following Book 1 Some people in their midlife time period get trapped into what has been referred to as a midlife crisis Others argue that such a phase does not exist or if it does then not everyone goes through it Despite the fact that life circumstances may vary between individuals the truth remains that some people experience extreme sadness losses envy depression decreased libido longing for youth or missed opportunities and so much more Today we will research this life stage more by looking at symptoms solutions false myths about the midlife crisis and ways to prevent falling into it Book 2 This book is focused on the many aspects that pertain to a midlife crisis including the definition the despair the drama and the effects of it For example in this guide you will find more information about what you should do if you are in a midlife crisis to minimize negative impacts on your life Another hot topic is what happens specifically to many women if they are in a midlife crisis Furthermore we ll talk about handling a partner who is that stage of life and various tips you can use to improve your life Don t wait and get started now Find Your Reason to Be Here Laura Lee Carter, 2013-01 After experiencing a particularly difficult transition starting at age 46 Laura Lee Carter an academic librarian professional researcher and psychotherapist went in search of meaning and answers She wondered what recent research could teach her about her

recent experiences She found there is no time in life more plagued with confusion and misinformation Laura wrote this book to share with you what she discovered about the shared emotional experiences of baby boomers the uniqueness of our middle years how midlife is evolving and what we have learned thus far about making the most of this brand new stage in adult psychological development Many have experienced great losses in the past decade What have we learned from this Can crisis or loss benefit us in the long run Can midlife confusion or uncertainty provide once in lifetime opportunities to seek and find new meaning After years of research Laura has concluded that midlife generally experienced between the ages of 40 60 has the potential to provide you with a quantum leap in emotional growth and maturity Psychologists now agree that midlife is a previously unavailable rite of passage into a much improved way of life Don't spend your middle years feeling alone confused or marginalized when you could benefit from many new discoveries Learn what gifts this new stage in life has to offer you gifts like increased wisdom expanded resiliency and the actualization of your own authenticity Come into your own power and begin contributing anew

Counseling Across the Lifespan Cindy L Juntunen, Jonathan P. Schwartz, 2015-04-15 This practical book helps readers provide effective mental emotional and behavioral health services to clients across the continuum of care from health promotion through long term treatment and remediation Anchoring each chapter within a life stage from childhood through older adulthood the text identifies the nature and origin of various psychological issues and emphasizes the importance of anticipating and responding early to concerns that arise for large portions of the population The Second Edition features new chapters and expanded coverage of important topics such as sociocultural contextual factors and interprofessional health perspectives The Middle Passage James Hollis, 1993 Title 59 Why do so many go through so much disruption in their middle years Why then Why do we consider it to be a crisis What does the pattern mean and how can we survive it The Middle Passage shows how we may pass through midlife consciously rendering our lives more meaningful and the second half of life immeasurably richer **The International Forum for Logotherapy**, 1993 *Punk, Ageing and Time* Laura Way, Matt Grimes, 2024-04-03 To date there has been no plotting of punk scholarship which speaks to time yet there are some clear bodies of work pertaining to particular issues relevant to it including ageing and or the life course and punk memory and or nostalgia and punk punk history and archiving and punk Punk Ageing and Time is therefore a timely pun intended book What this edited collection does for the first time is bring together contemporary investigations and discussions specifically around punk and ageing and or time covering areas such as punk and ageing the relationship between temporality and particular concepts relevant to punk such as authenticity DIY identity resistance spatiality style and punk memory remembering and or forgetting Multidisciplinary in nature this book considers areas which have received very little to no academic attention previously Spiritual Direction and Midlife Development Raymond Studzinski, 1985

Mid-life Spirituality and Jungian Archetypes Janice Brewi, Anne Brennan, 1999 Brewi and Brennan use a blend of Christianity with Jungian psychology to address four stages of the mid life process the archetypal perspective the task of

coming to terms with the shadow personality working with the inner child so that the child can lead the adult into this new stage of living and exploring Wisdom the fruit of living Eight Stages of Christian Growth Philip A. Captain,1984 **The Mid-life Male Experience at College** Judy Diane Smith,1999 **Annual Review of Women's Health** Beverly Jane McElmurry,Randy Spreen Parker,1993 **The Japanese Nation in Evolution** William Elliot Griffis,1907 **Coping with Male Mid-life** Sharan B.
