Media Discourse:

Media Discourse Norman Fairclough, 1995 The study of media language is increasingly important both for media studies and for discourse analysis and sociolinguistics Norman Fairclough applies to media language his critical discourse analysis framework which he developed in *Language and Power* and *Discourse and Social Life* Drawing on examples from TV radio and the press he focuses on changing practices of media discourse in relation to wider processes of social and cultural change In particular he explores the tensions between public and private in the media and the tensions between information and entertainment *Language Ideologies and Media Discourse* Sally Johnson, Tommaso M. Milani, 2010-02-24 An exploration of the relationship between language ideologies and media discourse together with the methods and techniques required for the analysis of this relationship Discourse and Communication Teun Adrianus van Dijk, Teun A. van Dijk, 1985 No detailed description available for *Discourse and Communication* *Global Media Discourse* David Machin, Theo Van Leeuwen, 2007 Abstract *Approaches to Media Discourse* Allan Bell, P. Garrett, 1998-03-06 This collection brings together in one volume current leading approaches to the study of media discourse **Social impact of media discourse in the age of iDeology. A perspective from the global periphery** Martin A. M. Gansinger, 2019-05-23 In the age of iDeology in which individual access and participation to technology is about to replace the rich texture of religion culture tradition and political convictions the social impact of media discourse only magnifies This volume is an attempt to explore the influence of ever available communication content on the minds and behavior of a population that has made the permanent and often obsessive use of communication technology a defining element of social orientation Unlike the many accounts that focus on the remarkably redefined patterns in the context of Western society ranging from twittering Presidents to the emerging populist movements all over Europe this volume portrays the situation from the frequently neglected perspective of the global periphery As opposed to simply transfer and measure perspectives taken from a Western point of view the clear intention of this volume is to provide ample space for the sincere and explorative consideration of local characteristics and settings of the different social cultural and political contexts and therefore contribute to providing the ground for future research **Media Discourses** Donald Matheson, 2005-09-16 Some of the most important questions regarding the relationship between media and culture are about communication How are the meanings which make up a culture shared in society How is power performed in the media What identities and relationships take shape there *Media Discourses* introduces readers to discourse analysis to show how media communication works Written in a lively style and drawing on examples from contemporary media it discusses what precisely gets represented in media texts who gets to do the talking what knowledge people need to share in order to understand the media and how power relations are reinforced or challenged Each chapter discusses a particular media genre including news advertising reality television and weblogs At the same time each chapter also introduces a range of approaches to media discourse from analysis of linguistic details to the rules of

conversation and the discursive construction of selfhood A glossary explains key terms and suggestions for further reading are given at the end of each chapter This is a key text for media studies mass communication communication studies linguistics and journalism studies students

Media Discourse Joanna Thornborrow, 2011-10-08 Analyses of media discourse have traditionally dealt with the role of power and politics in the media on the one hand or with the organisation of talk and exchange of speech on the other This book is different It brings discourse analysis to bear on the media to present a positive examination of the theory methods and practice informing the different media genres The book's coverage includes Reality tv Documentaries Radio phone ins Chat show interviews Lifestyle shows News reporting Sporting events This examination of the discourse of the media will be a essential reading on undergraduate and postgraduate option courses and for researchers interested in media communication and discourse

Media Discourse Mary Talbot, 2007-09-15 This lively and accessible study of media and discourse combines theoretical reflection with empirical engagement and brings together insights from a range of disciplines Within media and cultural studies the study of media texts is dominated by an exclusive focus on representation This book adds long overdue attention to social interaction The book is divided into two sections The first outlines key theoretical issues and concepts including informalisation genre hybridisation positioning dialogism and discourse The second is a sustained interrogation of social interaction in and around media Re examining issues of representation and interaction it critically assesses work on the para social and broadcast sociability then explores distinct sites of interaction production communities audience communities and interactivity with audiences

Evaluation in Media Discourse Monika Bednarek, 2008-11-01 Evaluation is the linguistic expression of speaker writer opinion and has only recently become the focus of linguistic analysis This book presents the first corpus based account of evaluation one hundred newspaper articles collated to form a 70 000 word comparable corpus drawn from both tabloid and broadsheet media The book provides detailed explanations and justifications of the underlying framework of evaluation as well as demonstrating how this is part of the larger framework of media discourse Unlike many other linguistic analyses of media language it makes frequent reference to the production circumstances of newspaper discourse in particular the so called news values that shape the creation of the news Cutting edge and insightful Evaluation in Media Discourse will be of interest to academics and researchers in corpus linguistics and media discourse

Media Discourse and the Yugoslav Conflicts Pål Kolstø, 2016-04-29 In spite of the growing literature on discourse analysis the relationship of discourse to violent non violent outcomes of conflict is an under researched area This book combines theories on ethnic conflict identity construction and discourse analysis with a comprehensive and inclusive survey of the countries of the former Yugoslavia It presents an understanding of the interrelationship between words and deeds grounded through an extensively close analysis of film television and newspapers samples taken from the period This combination of ground breaking applications of theory with detailed empirical case studies will make Media Discourse and the Yugoslav Conflicts of key interest to scholars across a

range of social sciences including sociology discourse analysis media conflict and peace studies as well as those concerned with ethnopoltical conflict

Investigating Media Discourse ANNE O'KEEFFE,2006-09-27 Investigating Media Discourse explores spoken interactions in the media drawing on contemporary sources from the English speaking world including chat shows radio phone ins and political interviews with leaders such as Tony Blair and George W Bush The main theoretical framework used in this work is influenced by Goffman where each media encounter is viewed as a three way participation framework involving the broadcaster interviewee and audience all of whom shape the interaction The spoken media interactions are analysed from this viewpoint to illustrate how they are managed how pseudo relationships are established and maintained and how others are created O Keefe brings together methodologies of discourse analysis conversation analysis and corpus linguistics allowing the media extracts to be explored from different perspectives whilst providing multiple insights Investigating Media Discourse will appeal to students and researchers of applied linguistics english language and media Anne O Keefe is Lecturer in Applied Linguistics at the Department of English Language and Literature Mary Immaculate College University of Limerick Ireland

Meaning in the Media Alan Durant,2010-03-04 Addresses the issue of what we should make of competing claims about meaning when

debated in highly charged circumstances **Exploring Media Discourse** Myra Macdonald, 2003-03-28 The concept of discourse is immensely useful in analysing media texts Yet it is often seen as primarily a linguistic tool This book explores the ways in which it can be used for media studies especially for understanding the interplay between verbal and visual signification in today's media **Constructing Us** Miguel A. Aijón Oliva, 2019-07-08 Developments in the analysis of linguistic variation show the need for a theoretical model whereby variants are viewed as cognitively based communicative choices In this book the analysis of the first and second grammatical persons in Spanish media discourse illustrates an approach to linguistic structure and usage as motivated by the need to create meaning at all semiotic levels Rather than mere sets of deictic forms persons constitute arrays of functional strategies used by speakers to develop certain representations of themselves and others The degree of salience attributed to some participant through grammatical configuration including features like person way of formulation and syntactic function strongly conditions the discursive role of that participant as well as the communicative situation at large Methodologically the demonstration conjugates the analysis of quantitative usage patterns with that of specific instances of choice in order to elucidate the stylistic potential of syntactic forms in media contexts Understanding variation as the construction of meaning is essential to the scientific advancement of linguistics as an inherently social and cognitive discipline
