**You're a Good Mom (and Your Kids Aren't So Bad Either)** Jen Singer,2008-04-01 For 21st century mothers there seem to be just two choices be a Super Mom or be a Slacker Mom One s bad for you one s bad for your kids So what s a momma to do In You re a Good Mom and Your Kids Aren t So Bad Either the Internet s favorite momma Jen Singer tells all Turns out you can raise perfectly good kids in that sweet spot between flash cards at breakfast and donuts for dinner kids It s for every mom who s pressured to be perfect yet lost under the laundry wondering if she s a bad mom It s for every mom to wants to enjoy not endure motherhood while still giving her kids what they truly need to succeed Filled with that happened to me too stories and wrapped in the wit that could only come from the creator of Please Take My Children to Work Day this book offers giggles and a pat on the back for today s moms whether they re deep in diapers or petrified by puberty **Working Mother** ,1993-02 The magazine that helps career moms balance their personal and professional lives

**Working Mother** ,1995-07 The magazine that helps career moms balance their personal and professional lives **Mom in Daycareland** Carlota Lindsay,Marshall Lindsay,2002-04-15 Letter to the Reader Mom in Daycareland is about children but it is addressed both to parents and to providers of child care in the hope that these pages will help them understand each others needs and the stresses they experience in their respective childrearing and caregiving activities For the childrens sake they must see each other not as antagonists but as partners in this most important of all careers molding the future of the human race Today the need for child care is more widely accepted by the general public than it was years ago We used to think that children should be reared at home and that a mothers job was to take care of them Now all this has changed Early every morning millions of mothers and fathers drive their children to child care providers and leave them there most often without feeling uneasy or guilty What has happened to cause this shift in our attitudes Why have we given up ideas that once seemed sacred and replaced them with a pragmatic way of doing things that

would have made our grandmothers frown The authors remember a time when it was expected that Dad would go off to work every morning leaving Mom and the kids at home He had a job outside the home and brought back the paycheck she did the housework and cooking took care of the children Only occasionally were the children entrusted to someone else as when the parents went to a dinner party or a movie and had a local high school student over to sit or drove the kids to Grandmas for the night There were exceptions of course but this was the accepted pattern Today that pattern while still prevalent in some families is rare The social and economic realities of our country have changed radically and the structure of family life has had to adapt There are several reasons for the shift and others will undoubtedly surface at a later date but what seems to be the most important among them are the following Firstly to make ends meet todays parents are obliged more and more to share the burden of earning the wages Both Mom and Dad need full time work if the family is to survive financially or if it is to satisfy the standard of living they are used to In the meantime who takes care of the children while both are at work Secondly another reason that helps explain why Mom works even when there is no pressing financial need for her to do so is the realization that women have an equal right to achieve their potentialities in the world of the professions and of labor Finally and perhaps most importantly an ever increasing number of households are managed by single parents When Mom or Dad is the only provider in the family no one is going to suggest that she or he stay home and watch the children That single job is essential to the survival of a family in an already precarious financial bind Even when the children are sick the single parent has to report to work in order to keep that precious job For these and other reasons the need for child care is a simple reality in our present society and the trend is likely to continue In most communities throughout the country groups of interested people argue that the availability of child care services is insufficient to meet current needs let alone the demands of a growing population We would like to talk about ourselves briefly as authors Both of us have had life careers in higher education In 1980 we devoted ourselves to child care and started a proprietary child care center in the Northwest It began small and then in time grew to a size of 35 preschoolers From the beginning Carlota operated the center from 6 30 a m to 6 00 p m as director teacher public relations person cook and janitor only recently has she begun coming home in the late afternoon Marshall was frequently teacher maintenance person and accountant It was difficult yet rewarding work and it taught us many things The purp     **The Mothers' treasury** ,1723     **The Mom Book** Stacy M.
