her experiences living in Japan for 30 years and caring for her Japanese father in law Marci explores seven essential aspects of yoyu including time energy money and spirituality Through engaging stories and practical exercises she guides readers on a journey to reclaim balance and abundance Finding Yoyu is for you if Balancing family and work feels like an uphill battle and you want to learn how to leverage small pockets of time and focus on what truly matters Despite efforts to plan ahead you face a persistent lack of energy and need energy boosting strategies for everyday life and those emergencies when you accidentally hit exhaustion Helping family is a priority but you re feeling financially constrained struggling to see the positives and need a way to recognize and leverage other forms of abundance Family members don t understand or respect your personal space needs and the absence of dedicated space calls for ingenious solutions for communicating those needs and how you use shared spaces Avoiding issues is no longer an option and you need to feel empowered and centered so that you can initiate difficult conversations with your loved ones Fatigue and stress from daily life lead to overreactions and inappropriate emotional outbursts that inadvertently hurt your loved ones and you need a way to intercept these outbursts before they occur Taking care of everyone and everything leaves you feeling tired lonely and disengaged and you need a way to tap into the interconnectedness of all things and find joy again Targeted at women navigating the complexities of midlife Finding Yoyu offers a unique blend of cultural insight personal narrative and actionable advice Whether you re dreaming of starting a new career or nurturing your creative passions and instead feel the weight of caring for loved ones with nothing left over for yourself this book will empower you to embrace abundance and live with purpose Transfiguring Luther Vitor Westhelle,2016-05-23 Luther s theology and practice have inspired and continue to inspire so many across confessional and even religious alignments worldwide or else excite those for whom he displays a coveted untamed audacity in living out convictions it is the fabric the texture that makes Luther a figura with the capability of being transfigured Luther s theology his view of language and understanding of creation incarnation the cross his affirmation of freedom from ecclesial economic and or political encroachments his eschatology and so forth is seen in a new light in societies in which modernization does not necessarily mean secularization and the spirit is not set in dual opposition to things material The dispute as to whether Luther is a late medieval theologian or a beacon of modernity is rendered largely superfluous when the Reformer is read and interpreted in contexts that do not share the peculiar cultural and political history of Europe its orthodoxies its pietisms its enlightenments and its secularisms Transfiguring Luther lifts up and presents the significance of the Reformer his figure as it is transfigured into diverse contexts absorbing new contents instead of the traditional bastions that are remarkably in tune with the spirit of the Reformation thus rekindling it The Neo-Sophia of the 21st Century Rikem J Philippe,2021-06-28 This book of inspirations was more likely dictated by the Lord in its most contents It is a book to help the youth the elders the kids likewise the ministers the Christians to know Jah better and penetrate his presence filled of reverence to come out with power and visions This book is to lift up the guts of humanity to open and show the importance that human shares in living on
