## **Mormon Motherhood:**

Mother Stories from the Book of Mormon William Albert Morton, 1911      *Mormon Feminism* Joanna Brooks, Rachel Hunt Steenblik, Hannah Wheelwright, 2015-10-01 This groundbreaking collection gathers together for the first time the essential writings of the contemporary Mormon feminist movement from its historic beginnings in the 1970s to its vibrant present offering the best Mormon feminist thought and writing No issue in Mormonism has made more headlines than the faith's distinctive approach to sex and gender From its polygamous nineteenth century past to its twentieth century stand against the Equal Rights Amendment and its twenty first century fight against same sex marriage the Church of Jesus Christ of Latter day Saints LDS has consistently positioned itself on the frontlines of battles over gender related identities roles and rights But even as the church has maintained a conservative position in public debates over sex and gender Mormon women have developed their own brand of feminism by recovering the lost histories of female leadership and exploring the empowering potential of Mormon theology The selections in this book many gathered from out of print anthologies magazines and other ephemera walk the reader through the history of Mormon feminism from the second wave feminism of the 1970s to contemporary debates over the ordination of women Collecting essays speeches poems and prose *Mormon Feminism* presents the diverse voices of Mormon women as they challenge assumptions and stereotypes push for progress and change in the contemporary LDS Church and band together with other feminists of faith hoping to build a better world

**Excavating Mormon Pasts** Newell C. Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association *Excavating Mormon Pasts* assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century

*An Analysis of Hegemony in LDS Discourse on Motherhood* Erin Sorensen, 2015 Like many Mormon women in America I was told from the time I was a young girl I would get married have children be a perfect homemaker and live happily ever after At least that was the story presented to me at church and at home From the time Mormon children are in Primary the Church of Jesus Christ of Latter day Saints or LDS church children's organization for children ages 18 months to 11 years old they are taught the importance of family and the different roles of mothers and fathers through songs and lessons In Young Women's the LDS church's youth organization for young women ages 12-18 teenage girls are taught how to build themselves spiritually but everything from the young women theme weekly activities and Sunday lessons reinforce the importance of their future role as a wife and mother These teachings are then solidified in Relief Society the LDS church's women's organization as women are taught about their nurturing role in the family and participate in activities that teach homemaking skills and childcare Throughout their lives Mormon women are taught that by divine design Mothers are primarily responsible for the nurture of their children and are consistently prepared for their role as wives and mothers

The Family: A Proclamation to the World, 1995 1 In Mormonism motherhood is directly connected to womanhood and is a divine role with lasting influence and importance According to Mormon scripture and doctrine the first woman Eve also referred to as the mother of all living ate the forbidden fruit not because she gave into temptation from Satan but because she knew that she could not obey God's commandment to multiply and replenish the earth while living in the Garden of Eden Campbell 2003 Mormons believe that Eve consciously chose to eat the fruit in order to take on the title of mother and all women are blessed with the gift to nurture children and follow Eve's example This doctrine about the importance of families and motherhood provides a framework in Mormonism that places motherhood near to divinity Clark 1965: 178 Motherhood is compared to godliness in might importance and power and Mormon mothers are seen as being in partnership with God

Holland 2014 Current LDS prophet Thomas S Monson emphasized this point 0 One cannot remember mother and forget God Why Because these two sacred persons God and mother partners in creation in love in sacrifice in service are as one0 Monson 1998 As a result motherhood is at the center of any discussion about women in Mormonism and is revered as 0 the highest holiest service to be assumed by mankind0 Clark 1965 178 The emphasis placed on motherhood isn0 9t surprising considering the strong focus on families in the LDS church 0 The Family A Proclamation to the World0 1995 an official proclamation of the LDS prophet and apostles states that the 0 family is central to the Creator0 9s plan for the eternal destiny of His children0 1 However the acceptable type of family within the LDS church follows 0 traditional0 American gender roles meaning that mothers stay at home to care for children and fathers provide for the family This 0 tradition0 follows a white heterosexual married middle class and American ideal and has been criticized as a hegemonic view of family life that excludes the lived experiences of anyone outside those confines Kawash 2011 A hegemonic view refers to the dominant perspective or representation in a given social or political context that benefits the rulers or the elite and the problem with hegemonic views is that they relate the predominant view as the ideal or only acceptable way of being Clayton 2006 Beasley 2008 So although motherhood is experienced in many different ways the acceptable hegemonic type of motherhood in Mormonism is for women to be homemakers any other alternative is seen as less than desirable and acceptable only if necessary

**American Motherhood** Della Thompson Lutes,1905 [The Women of Mormondom](#) Edward William Tullidge,1877 **The Model Mormon Mother's Notebook** Carol Lynn Pearson,2005-03-30 If motherhood is near to divinity then folding tons of laundry for what seems like a millennium while SMILING must make one a Saint This booklet is one you will want to share with all the special women in your life It will make you laugh make you cry and make you glad you are a mother Carol Lynn Pearson is a best selling author of numerous books and plays among them Beginnings the Lesson Consider the Butterfly My Turn on Earth Mother Wove the Morning and Goodbye I Love You [Out of Obscurity](#) Patrick Q. Mason,John G. Turner,2016 In the years since 1945 the Church of Jesus Christ of Latter day Saints has grown rapidly in terms of both numbers and public prominence Mormonism is no longer merely a home grown American religion confined to the Intermountain West instead it has captured the attention of political pundits Broadway audiences and prospective converts around the world While most scholarship on Mormonism concerns its colorful but now well known early history the essays in this collection assess recent developments such as the LDS Church s international growth and acculturation its intersection with conservative politics in recent decades its stances on same sex marriage and the role of women and its ongoing struggle to interpret its own tumultuous history The scholars draw on a wide variety of Mormon voices as well as those of outsiders from Latter day Saints in Hyderabad India to Mormon Mommy blogs to evangelical countercult ministries Out of Obscurity brings the story of Mormonism since the Second World War into sharp relief explaining the ways in which a church very much rooted in its nineteenth century prophetic and pioneering past achieved
