Conversation Piece with Morris Cargill Morris Cargill, Jamaica Broadcasting Corporation, 1960 **Morris Cargill** Morris Cargill, 1987 **Odysseys Home** George Elliott Clarke, 2002-12-15 *Odysseys Home Mapping African Canadian Literature* is a pioneering study of African Canadian literary creativity laying the groundwork for future scholarly work in the field Based on extensive excavations of archives and texts this challenging passage through twelve essays presents a history of the literature and examines its debt to and synthesis with oral cultures George Elliott Clarke identifies African Canadian literature's distinguishing characteristics argues for its relevance to both African Diasporic Black and Canadian Studies and critiques several of its key creators and texts Scholarly and sophisticated the survey cites and interprets the works of several major African Canadian writers including Andr Alexis Dionne Brand Austin Clarke Claire Harris and M Nourbese Philip In so doing Clarke demonstrates that African Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism liberalism and conservatism These tensions are revealed in the literature in what Clarke argues to be paradoxically uniquely Canadian and proudly apart from a mainstream national identity Clarke has unearthed vital but previously unconsidered authors and charted the relationship between African Canadian literature and that of Africa African America and the Caribbean In addition to the essays Clarke has assembled a seminal and expansive bibliography of texts literature and criticism from both English and French Canada This important resource will inevitably challenge and change future academic consideration of African Canadian literature and its place in the international literary map of the African Diaspora *Michael Manley and Jamaican Democracy, 1972-1980* F. S. J. Ledgister, 2014-06-05 This book examines the democratic ideas of Michael Manley Jamaican prime minister from 1972 to 1980 and again from 1989 to 1992 during his government in the 1970s Manley wrote three books during or about that period *The Politics of Change* *A Voice at the Workplace* and *Jamaica Struggle in the Periphery* The first two laid out his policy ideas regarding egalitarian democratic change and economic democracy and the third reprised those ideas and assessed their implementation and the obstacles they faced during the eight and a half years Manley served as prime minister While Manley was seen as a socialist firebrand a close examination of his ideas reveals a democratic nationalist whose motivation was love of country and a desire to promote national self confidence and egalitarianism within the framework of liberal democracy and a reformed capitalism

Biesik Jumiekan Larry Chang, 2014-05-28 A Jamaican language primer for native speakers and beginners alike There are six sections *Origins Grammar Orthography Vocabulary Texts* and a 50 page illustrated dictionary presenting the basilectal register or broad patois using a modified Cassidy system for writing Jamaican Selections include works by Claude McKay Louise Bennett Joan Andrea Hutchinson and Carolyn Cooper alongside excerpts of classics from Laozi Marcus Aurelius Shakespeare and Dickens translated into Jamaican for the first time **Memories of the Future** Wendell Bell, 2011-12-31 Life courses both professional and personal are often directed by unplanned experiences At crossroads

which path is followed and which hard choices are made can change the direction of one's future. Wendell Bell's life illustrates how totally unforeseen events can shape individual lives. As he notes, despite our hopes and our plans for the future, there is also serendipity, feedback, twists and turns, chance and circumstance, all of which shape our futures with sometimes surprising results. In Bell's case, such twists and turns of chance and circumstance led to his role in developing the new field of futures studies. In *Memories of the Future*, Bell recognizes the importance of images of the future and the effect of these images on events to come. Such images, dreams, visions, or whatever we call them, help to determine our actions, which in turn help shape the future, although not always in ways that we intend. Bell illustrates partly with the story of his own life how people remember such past images of the future and how the memories of them linger and are often used to judge the real outcomes of their lives. This is a fascinating view of the work of an important social scientist and the people and events that helped define his life. It is also about American higher education, especially from the end of World War II through the 1960s and 1970s, a period of educational transformation that included the spread of the merit system, the increase in ethnic, racial, gender, and social diversity among students and faculty, and a massive increase in research and knowledge.

Roots Radical
 Errol St. John Stephenson, 2012-12-05
 Late November 1954, a young domestic helper with dreams of becoming the best domestic helper she could. A young baker with a brand new bicycle, dreams and desire of becoming the best sperm donor the district produced. They both met by coincidence and ever since the young baker swears his undying love for her. It was a crush she knew nothing about. Then one fateful night, destiny beckoned. After weeks of eyeing the young helper from afar, he got his chance. She was on her way home from work when he rode up beside her and offered to take her home. She refused his kind gesture. He wanted to be her friend, but she was furious in rejecting him. His voice roared with anger, she began trembling, and he couldn't imagine being rejected in such a manner and held on to her. A fight ensued. With the powerful flow of his adrenaline and the mighty blow to his ego, he did the unthinkable. He overpowered her and had his own way. She felt worthless and demeaned and cried in agony, but only the stars above were in sympathy with her cry. At first, he was proud of his conquest, but a guilty conscience began to prick his soul. He moved closer to the crying young helper with an intent of consoling her, but the wounded lioness she was, she leapt at him with ferocious might and inflicted severe blows to his head with a stone that she found at the side of the road. So began the story of the *Roots Radical*, that Jamaican son of a
