*Most Wise & Valiant Ladies* Andrea Hopkins, 1997 Most Wise Eleanor of Aquitaine queen crusader and patron of the arts Margery Kempe religious fanatic and pilgrim Hildegard of Bingen legendary abbess scientist and composer Christine de Pisan champion of women and perhaps the first feminist writer and Margaret Paston extraordinary wife and mother Beautifully complemented by contemporary illustrations and manuscripts *Most Wise Valiant Ladies* provides fascinating insight into the world of women in Medieval Europe

*Women of the Gilte Legende* Jacobus, Larissa Tracy, 2003 This book is a prose translation of a selection of women saints lives from the *Gilte Legende* the Middle English version of Jacobus de Voragine's *Legenda Aurea* one of the most influential books to come from the middle ages Because of its popularity and subject matter the *Gilte Legende* was widely read and used as a model for everyday life including the education of women through examples set by early Christian martyrs Many of the women saints spoke passionately about their convictions and defended their faith and their bodies to the death For over 400 years these amazing vernacular stories have been inaccessible to a wider audience This book divides the lives of female saints into the right holy virgins who vocally defend their bodies against Roman persecution holy mothers who give up their traditional role to pursue a life of contemplation the repentant sinners who convert and voice their defiance against a society that demanded silence in women and the holy transvestites who cast off their gender identity to find absolution and salvation Their lives reach through the ages to speak to a modern audience academic and non academic forcing a re examination of women's roles in the medieval period LARISSA TRACY is Adjunct Assistant Professor of English at Georgetown University and George Mason University Series editor JANE CHANCE

*The Life and Times of Joan of Arc* Jim Whiting, 2019-12-05 Until she was thirteen Joan of Arc led a normal life Then she began hearing voices She believed these voices spoke for God At first they told her to be a good girl A few years later they told her that her destiny was to save France from its English invaders Joan's inspirational leadership helped the French to defeat the English at the city of Orleans Soon afterward she persuaded the crown prince Charles to become King of France A few months later Joan was captured by her enemies Charles refused to help her in spite of all she had done After a one sided trial she was burned at the stake She was not forgotten Today she is honored with a national holiday in France

*Gender Studies in Architecture* Dörte Kuhlmann, 2014-04-11 Analyzing a range of ideas from biological evolutionary and anthropological theories to a variety of feminist psychoanalytic poststructuralist and constructivist discourses this book provides a comprehensive introduction to the problematics of gender

and power in architectural and urban design Topics range from conceptions of postulated matriarchal architecture in Old Europe to contemporary technologies of control from the mechanisms of gaze to architectural performatives from the under representation of women in the planning profession to the integration of gender issues to the curriculum The particular strengths of the book lie in its inclusiveness and critical analysis It is not a partisan defence of feminism or any other theory but a critical introduction to the issues relating to gender Moreover the conclusions reach beyond a narrow gender studies perspective to social and ethical considerations that are unavoidable in any responsible architectural or urbanistic practice With its broad range and balanced analysis of different theories the book is suitable as an overview of gender studies in architecture and useful for any designer who is concerned with the social effects of the built environment Jan van Eyck and Portugal's 'Illustrious Generation' Barbara von Barghahn, 2013-12-31 This book investigates Jan Van Eyck's patronage by the Crown of Portugal and his role as diplomat painter for the Duchy of Burgundy following his first voyage to Lisbon in 1428 1429 when he painted two portraits of Infanta Isabella who became the third wife of Philip the Good in 1430 New portrait identifications are provided for the Ghent Altarpiece 1432 and its iconographical prototype the lost Fountain of Life These altarpieces are analysed with regard to King Joao I's conquest of Ceuta achieved by his sons who were hailed as an illustrious generation Strong family ties between the dynastic houses of Avis and Lancaster explain Lusitania's sustained fascination with Arthurian lore and the Grail quest Several chapters of this book are overlaid with a chivalric veneer A second secret mission to Portugal in 1437 by Jan van Eyck is postulated and this diplomatic visit is related to Prince Henry the Navigator's expedition to Tangier and King Duarte's attempts to forge an alliance with Alfonso V of Aragon Late Eyckian commissions are reviewed in the light of this ill-fated crusade and additional new portraits are identified The most significant artist of Renaissance Flanders appears to have been patronized as much by the House of Avis as by the Duchy of Burgundy Barbara von Barghahn is Professor of Art History at George Washington University and a specialist in the art history of Portugal Spain and their colonial dominions as well as Flanders In 1993 she was conferred O Grao Comendador in the Portuguese Order of Prince Henry the Navigator She has spent nearly a decade completing research about Jan van Eyck's diplomatic visits to the Iberian Peninsula **Gloriana's Torch** Patricia Finney, 2013-09-17 The year is 1587 The Spanish are preparing to launch the Armada against the English and Queen Elizabeth's soldier David Becket now responsible for the Queen's Ordnance discovers that large quantities of gunpowder are going astray Can someone in the heart of the English government be selling it to the Spanish Unaccountably he is plagued by vivid dreams of England invaded an alternative story where the Armada is victorious Patricia Finney's brilliant reworking of the Armada legend is an imaginative tour de force Thrilling intricate and inspiring this is a tale of courage of love and ultimately redemption Bibliographic Guide to Womens Studies 1998 New York Public Library Staff, 1999-08 **Pandora's Daughters** Jane Robinson, 2002 This enthralling history full of anecdotes and first hand accounts centres on women through the ages who have sidestepped restraint and raised the

eyebrows of their contemporaries by choosing to make their own often highly idiosyncratic way of life The pedigree of the modern career woman is not generally supposed to be long reaching back only as far as those late Victorian pioneers who stormed the bastions of male professions Jane Robinson looks back over some 25 centuries and proves that theory quite wrong The 100 or so women portrayed here were busy behind the scenes of recorded history in the cause of earning an honest or perhaps not independent living Their enterprise and flair led them to careers as diverse as they are improbable ranging from engineers plumbers and surgeons to a naval commander in the Persian Wars a Dark Age Pope a successful Orcadian wind seller some pirates a Royal Marine and a stockbroker who ran for President of the United States The author considers such achievements against their place and time and the result is a tribute to an inspirational body of women whose significance has too long been ignored as well as a wonderfully entertaining read

**The Depiction of Clothing in French Medieval Manuscripts** Patricia May Gathercole, 2008

Courts of Love, Castles of Hate Aubrey Burl, 2008 The figure of the Troubadour combines the ideals of knighthood with the inspiration of the poet and musician and created a cultural explosion which influenced the whole course of Western art and civilisation Burl traces the story from the birth of the first Troubadour in 1071 to the execution of the last Cathar Good Man in 1231 and the close of the distinctive southern French culture that had given rise to it The tale incorporates the Crusades to the Holy Lands and the Albigensian crusades through the Languedoc and the regular incursions from the English In telling his story of the Troubadours and their song he brings to life the world of medieval Languedoc The author is acknowledged as an authority on the Troubadours one of the most evocative subjects in history

Late Medieval England (1377-1485) Joel Thomas Rosenthal, 2003 The volume represents the second part of Rosenthal's cataloging of historical scholarship on Ricardian Lancastrian and Yorkist England covering categories from political and legal history to social and intellectual history and the arts As Rosenthal notes in the introduction its size 1 888 entries for the decade hardly gives much support to those who warn us of the imminent demise of the more traditional lines of historical endeavor and inquiry
