Coleman, In this classic work Robert E Coleman examines the evangelistic methods of Jesus Christ and shows how they are still relevant and effective today Through a careful study of the Gospel accounts Coleman identifies eight principles that Jesus used to train his disciples and spread his message He then applies these principles to the modern church offering practical guidance for evangelism and discipleship in the 21st century *Make Disciples* Joel D. Cooper,2007 **The Master Plan of Teaching** Matt Friedeman,1990 *The 222 Plan Manual* William L. Owens,William L Owens Th D,2014-06-07 The 222 Plan is a Christian disciple making process It uses one on one mentoring to fulfill the command given by Paul to Timothy in 2 Timothy 2 2 Timothy is told to teach faithful men the things that Paul had taught him The process lasts about twenty five weeks The Manual includes both a disciples workbook and the mentor s guide The disciple making process introduced in this manual is the result of more than thirty years of personal one on one mentoring The material has undergone many revisions and was tested in the local church during the entire process We must emphasize the 222 Plan is a process and not a program A process lasts a lifetime whereas a program is participated in for the length of its duration and then is considered complete The process follows the instruction given in 2 Timothy 2 2 and we are under it s mandate until called into His presence The process is truly the Master s plan for building disciples and leaders for His service Mentoring success in disciple making depends upon the mentor s commitment to personally practice the spiritual disciplines he is teaching others The strategy set forth in this 222 Plan Manual is for those hungry hearts who have resolved to seek first the kingdom of God and His righteousness The Western Christian Advocate ,1902 *Evangelizing Adults* Glenn C.
