Masterworks A Musical Discovery:

Masterworks D. Kern Holoman, 2001 New edition of an integrated multimedia program designed to teach the core concepts of music appreciation. In the text musicologist conductor Holoman U of California Davis draws on his own lecture style and focuses on listeners experiences as they begin to integrate music and the arts into the **Masterworks**, 1998

Masterworks D. Kern Holoman, 1998 This kit contains Holoman's book *Masterworks A Musical Discovery* 0 13 226358 0 paperbound 401 pages a three disk audio CD set and a computer interactive CD ROM for Mac and IBM. The book covers the technical aspects of pitch notation and tonality and moves on to discussions of musical style from the middle ages to contemporary examples of popular songs jazz blues atonality and electronics. It also contains a glossary and a sampling of musical scores. The audio CDs contain musical performances to illustrate and enhance the presentation in the text. These selections feature good recordings of major artists and musical organizations however in several cases not the complete work. More problematical is the computer interactive CD ROM the publisher decided to include clearly poorly adapted from another product. The tutorial on its use does not use examples from musical subject matter and there is a dictionary which under the term Bach yields to live alone and slang for bachelor Beethoven is not listed. The Power CD is very difficult to use and this kit would not suffer from its absence. Delphi Masterworks of Richard Wagner (Illustrated) Peter Russell, Richard Wagner, 2018-08-15 The operas of the German composer Richard Wagner had a revolutionary influence on the course of Western music. Unlike most opera composers Wagner wrote both the libretto and the music for each of his works. He went on to revolutionise the music form through his concept of the Gesamtkunstwerk total work of art by which he sought to synthesise the poetic, visual, musical and dramatic arts with music subsidiary to drama. He achieved these ideas most fully in his epic cycle of operas *Der Ring des Nibelungen* notable for complex textures, rich harmonies and the elaborate use of leitmotifs.
