**Masterworks of Philosophy** S. E. Frost (Jr.),1972      Masterworks Philosophy ,1972      **The Publishers' Trade List Annual** ,1980      **Captain America and the Struggle of the Superhero** Robert G. Weiner,2009-06-08 For more than 60 years Captain America was one of Marvel Comics flagship characters representing truth strength liberty and justice The assassination of his alter ego Steve Rogers rocked the comic world leaving numerous questions about his life and death This book discusses topics including the representation of Nazi Germany in Captain America Comics from the 1940s to the 1960s the creation of Captain America in light of the Jewish American experience the relationship between Captain America and UK Marvel s Captain Britain the groundbreaking partnership between Captain America and African American superhero the Falcon and the attempts made to kill the character before his real death      Doctor Strange and Philosophy Mark D. White,2018-05-03 Explore the mind and world of the brilliant neurosurgeon turned Sorcerer Supreme Doctor Stephen Strange Marvel Comics legends Stan Lee and Steve Ditko first introduced Doctor Stephen Strange to the world in 1963 and his spellbinding adventures have wowed comic book fans ever since Over fifty years later the brilliant neurosurgeon turned Sorcerer Supreme has finally travelled from the pages of comics to the big screen introducing a new generation of fans to his mind bending mysticism and self sacrificing heroics In Doctor Strange and Philosophy Mark D White takes readers on a tour through some of the most interesting and unusual philosophical questions which surround Stephen Strange and his place in the Marvel Universe Essays from two dozen Philosophers Supreme illuminate how essential philosophical concepts including existentialism epistemology metaphysics and ethics relate to the world of Doctor Strange Fans will find answers to all their Strange questions How does Doctor Strange reconcile his beliefs in science and magic What does his astral self say about the relationship between mind and body Why is he always so alone And what does he mean when he says we re just tiny momentary specks within an indifferent universe and why was he wrong You won t need the Eye of Agamotto to comprehend all that is wise within Doctor Strange and Philosophy offers comic book fans and philosophers alike the chance to dive deeper into the world of one of Marvel s most mystical superheroes      Concepts of Philosophy in Asia and the Islamic World Raji C. Steineck,Ralph Weber,Robert Gassmann,Elena Lange,2018-05-07 The contributions to Concepts of Philosophy in Asia and the Islamic World reflect upon the problems implied in the received notions of philosophy in the respective scholarly literatures They ask whether and for what reasons a text should be categorized as a philosophical text or excluded from the canon of philosophy and what this means for the concept of philosophy The focus on texts and textual corpora is central because it makes authors expose their claims and arguments in direct relation to specific sources and discourages generalized reflections on the characteristics of for example Japanese culture or the Indian mind The volume demonstrates that close and historically informed readings are the sine qua non in discussing what philosophy is in Asia and the Islamic world just as much as with regard to Western literature Contributors are Yoko Arisaka Wolfgang Behr Thomas Fr hlich Lisa Indraccolo
