Faraone, 2014-01-28 Boston based journalist Chris Faraone spent the first few months of last year hopping between radio and press appearances to argue with dipshits and promote his book on the Occupy Wall Street movement 99 Nights with the 99 Percent In traveling to more than a dozen states he clashed with countless conservatives including hosts and callers on the right wing WRKO in his adopted home of New England where he's spent the past decade writing for alternative news outlets On February 27 2012 Faraone faced his ugliest opponent yet the incendiary blog tornado Andrew Breitbart They scrapped took a few bites out of one another and at the urging of producers at the station agreed to a rematch one week later They never got a chance to dance though as Breitbart died from heart failure the next day In the weeks that followed the army of assholes who worship his unique brand of right wing baloney attacked Faraone ferociously dragging him into the toxic underbelly grumbling beneath American politics Following an introduction by satirical anarchist icon Vermin Supreme BOOK ONE of I Killed Breitbart opens with Faraone's story of countering conservative Goliaths In the 8 000 word title chapter the critically applauded polemicist casts asses like Breitbart and Sean Hannity into history's trash can alongside slave owners and Klansmen Following those tales about Team Breitbart Faraone has included an expanded version of his viral feature The Trials of Nadia Naffe part of which first appeared in the now defunct Boston Phoenix BOOK TWO subtitle Countless Other Causes of Conservative Conternation is split into three sections The Right The Left and The Fuzz each comprising remixes of Faraone's finest field reporting from the past three years In The Right he hangs with hardcore libertarians militiamen Glenn Beck fanatics and rapture warriors For The Left he blends updates of previously published work with new original gems from post encampment Occupy actions a number of which involve police brutally arresting a number of journalists including Faraone himself A robust and descriptive portrait of America's most loathsome creeps and ideologues I Killed Breitbart balances real concern for the state of national sanity with a less than subtle mockery of everything from pop culture to religion In the works for more than a year the book also packs exclusive pics from the front lines of Faraone's travels plus previously unreleased road dispatches including a Republican counterpart to his hallucinatory adventures at the last Democratic National Convention It's not your typical political reporting **Precalculus** Holt McDougal, 2004 **Video**
