Multiple Echo Explorations In Theology:

Multiple Echo Cornelius Ernst, 2007-01-01 Ultimately I cannot accept the framework of experience demanded and presupposed by the orthodox ecclesiastical tradition I think I must face this with consequences I can't foretell I have another tradition to which I am almost equally respectful in some ways more so the tradition of the human heart novels art music tragedy I cannot allow that God can only be adored in spirit and in truth by the individual introverted upon himself and detached from all that might disturb and solicit his heart It must be possible to find and adore God in the complexity of human experience from the Introduction *Multiple Echo* Cornelius Ernst, 1979 Southern New Mexico Territory 1871 Before he became the Wild West's most wanted man before he became a whole new breed of American vampire Skinner Sweet was a soldier in the U.S. Army But he's still as dangerous and deadly as the monster he'd soon become Skinner's willing to win the war with the local tribes by any means necessary But so are they And the long buried horror they're preparing to unleash could change the course of human and vampire history forever Glendale California 1957 With his black leather jacket and bad attitude Travis Kidd looks like any other juvenile delinquent But he's a rebel with a cause to kill his way through every vampire in America until he finds the one who slaughtered his family Travis is quickly becoming the vampires public enemy number one But there are bigger older killers out there than him And if they catch him they'll put this wild one down for good Jacket

Shape of Catholic Theology Aidan Nichols, 2003-08-28 This study is an introduction to Catholic theology designed both for the theological student and for the general reader willing to make a certain effort After introducing the idea of theology and the virtues desirable in the budding theologian the bulk of the book falls into the five sections 1 the role of philosophy in theology 2 the use of the Bible in theology 3 the resources of tradition liturgy and sacred art Fathers Councils and Creeds the sense of the faithful 4 two aids to discernment in short history of Catholic theology from the New Testament to the present day The conclusion considers the features of pluralism and unity which should typify Catholic theology as a whole and suggests how unity may avoid becoming uniformity without pluralism becoming anarchy

The Philosophical Frontiers of Christian Theology Donald MacKenzie MacKinnon, 1982 This book charts some of the frontiers which are of most concern in contemporary discussion regarding the borderlands between theology and philosophy

Donald MacKinnon's Theology Andrew Bowyer, 2019-08-22 Andrew Bowyer presents the first comprehensive examination of Donald MacKinnon's theology in relation to his moral philosophy He offers an original and creative reading of MacKinnon's methodology and important insights into the key influences and core questions which stood at the heart of his work Bowyer outlines MacKinnon's contributions to Anglican theology in the aftermath of the Second World War highlighting the therapeutic nature of his approach in as far as it combined a call for intense self-awareness with a commitment to moral realism As one of the most influential Anglican theologians in the mid twentieth century MacKinnon's writings reveal him as a restive and unsystematic thinker However Bowyer argues that a series of reoccurring questions obsessions might better

honour the memory of MacKinnon's temperament appear throughout his work relating to the tensions between the realism and idealism the call to be morally serious the nature of theological truth claims and the perennially disruptive presence of Christ Bowyer examines the key influences on MacKinnon's thought the centrality of Christology to his project his engagement with literature and literary criticism as well as his response to Wittgenstein's later philosophy This volume offers an appreciation of his contribution and a critique of his legacy

The Implicit Dimensions of Explicit Faith Andrew R.

Johnson, 2025-12-08 Andrew R Johnson asks why it is the case that believing is centrally significant in and for Christianity He argues that if we attend to the various implicit dimensions of explicit faith and to the holistic character of Christian believing then this central significance becomes more intelligible The study aims to be a work of Protestant systematic theology first and foremost but one that is of ecumenical value Johnson engages continental analytic and American pragmatic philosophers as they reflect on the human phenomenon of believing intentional action embodied cognition and the relation between theory and practice Theologically the study engages with Lutheran Reformed Anglican and Roman Catholic theologians as they reflect on the nature of faith in Christ amidst the concrete realities of life and the encounter with God through those concrete realities Key interlocutors of the study include Rudolf Bultmann Karl Barth Cornelius Ernst Fergus Kerr Ludwig Wittgenstein H H Price Robert Brandom and Andrew Inkpin in addition to others

Indicative of Grace - Imperative of Freedom R.

David Nelson, 2014-09-25 This volume is a collection of essays in honour of Tübingen theologian Eberhard Jüngel and is presented to him on the occasion of his 80th birthday Jüngel is widely held to be one of the most important Christian theologians of the past half century The essays honour Professor Jüngel both by offering critical interlocutions with his theology and by presenting constructive proposals on themes in contemporary dogmatics that are prominent in his writings The Festschrift introduces a new generation of theologians to Eberhard Jüngel and his theology The volume also includes an exhaustive bibliography of Jüngel's writings and of secondary sources that deal extensively with his thought

From Aberdeen to Oxford Fergus Kerr, 2023-10-30 Academic theologians when they write normally decide for themselves what to discuss Admittedly these days they may work under pressure to ensure tenure to advance their prospects or to secure funding for a departmental project Mostly however they work sometimes for years on the books which consolidate the vision of theology that has energised their teaching Sometimes of course the contingencies of being invited to review a book or take part in a conference lead to what for medieval theologians were quodlibets responses to whatever topics raised by members of the class during open ended discussions sometimes unexpected even random treated suggestively rather than fully worked out This volume is a miscellany of just such papers a wide ranging collection of papers from books and journals with a strong philosophical leaning

Formation in Holiness Fáinche Ryan, 2007 Far from feeling a need to leave their brains at the door of the church as contemporary Christians may feel is asked of them the suggestion is that the development of our intellect is central to human growth into the image and likeness of God P 4 cover

Grammar and Grace Jeffrey

Stout, Robert MacSwain, 2004 This book is a collection of new essays on Aquinas and Wittgenstein written by some of the leading theologians and philosophers of religion in the English speaking world It is inspired by and dedicated to the memory of Victor Preller whose powerful interpretations of these figures did much to prepare the ground for recent discussions of religious language knowledge of God the role of grace in human life and the ethical significance of virtue Grammar and Grace frees Aquinas from the trappings of traditional Thomism just as it liberates Wittgenstein from the relativism of the Wittgensteinian fideists But the book is no mere exercise in scholarly revisionism for its main purpose is to advance our understanding of the issues on which texts like the Summa Theologiae and the Philosophical Investigations have a bearing This book will be essential reading for all those interested in the interpretation of Aquinas and Wittgenstein the interface of religion and ethics and the dialogue between philosophy and theology **The Downside Review**, 1987 **Jesus, Son of God?** Edward Schillebeeckx, Johann Baptist Metz, 1982 **With the Grain of the Universe** Stanley Hauerwas, 2002 This volume comprises Hauerwas Gifford Lectures Adopting his robust approach to theological questions Hauerwas here proposes that natural theology divorced from a full doctrine of God cannot help but distort the character of God and accordingly of the world in which human beings find themselves For Hauerwas those who bear crosses work with the grain of the universe As the author sees it the God who is worshipped and the world God created cannot be truthfully known without the cross which is why the knowledge of God and ecclesiology are interdependent Examining in turn the theologies of William James Reinhold Niebuhr and Karl Barth Hauerwas suggests how the truth fulfilling conditions of Christian speech have been compromised in the interest of developing an ethic for Christians in liberal social orders He argues that any attempt to provide an account of how Christian theological claims can tell us the way things are requires a correlative politics In theological terms such a politics is called church Finding Barth's theology a necessary corrective to the work of James and Niebuhr Hauerwas sees here a bold reclamation of the visibility of the gospel after Christendom and of a theology done without apology or reservation **Religion Index One**, 2007 *The Service of Glory* Aidan Nichols, 1997 With this lucid and profound commentary on the last three parts of the Catholic Catechism Aidan Nichols provides one of the richest and most solidly based accounts in English of how Catholic Christians should worship behave and pray National Union Catalog, 1981, 1982 A Dominican Bibliography and Book of Reference, 1216-1992 James A. Driscoll, 2000 This bibliographic listing of works in English by and about members of the Order of Friars Preachers actually begins with a translation of the confirmation of the Dominican Order by Pope Honorius III on December 22 1216 Works and lives of great Dominicans such as Saints Dominic Catherine of Siena Thomas Aquinas Albert the Great Pope Pius V and Martin de Porres are listed Prominent personages such as Fra Angelico Savonarola Bartolommeo de las Casas Samuel Mazzuchelli Dominic Pire Nobel Prize recipient and M J La Grange founder of the Ecole Biblique also appear in this work The Dominicans founded colleges and universities around the globe and their scholarly historical and artistic works have illumined the world for almost eight

hundred years This bibliography is an invaluable resource for scholars and researchers covering a wide range of topics

The Church Now John Cumming, Paul Burns, 1980 **A Question of Rites** J. S. Cummins, 1993 There were wide repercussions politics national and ecclesiastical even the history of science were involved Professor Cummins retells the story from a deliberately dissident viewpoint Till now the account has been largely that of the Jesuits his focus is the Spanish Dominican Domingo Navarrete 1618 86 who emerged as the spokesman for the friars cause Not a scholar or scientist of the calibre of Matteo Ricci or other Jesuit geometers in Peking Navarrete nonetheless fully merits attention as a perceptive and frank observer of a passionate and complex scene His major work the *Tratados* was widely read admired by the likes of Quesnay and Locke and served as a key source of European knowledge about China The first chapters of the present book set out the background the rise of the Dominicans and the Jesuits their differing philosophies and their conflicts in Europe and America National Union Catalog ,1981 Includes entries for maps and atlases
