Harvard was halfway heaven a bridge to the American dream after lives of hardship Sinedu grew up under communist tyranny in Ethiopia while Trang was born in a Vietnamese forced labor camp and fled the country with her father and sister to end up on welfare in Boston Despite their similarities the two were never friends Trang was friendly and outgoing while Sinedu awkward and shy had trouble adjusting to a culture vastly different from her own Drawing upon her astonishing diaries New York Times bestselling author Thernstrom a Harvard graduate herself reconstructs Sinedu s inner life to reveal a girl struggling against isolation and depression The book reveals Harvard as an institution ill equipped to deal with mental illness on campus that apparently cared more for its reputation than for its student body A brilliant synthesis of cultural analysis psychological study and first rate investigative journalism Halfway Heaven is a haunting exploration of the power of profound loneliness and an expose of one of America s most distinguished universities *Murder at Harvard* Amy

Pritchard,1980 Author Benita Cosby,2019-03-16 **The Unofficial College Guide to Harvard-- with Murder** ,2006

A Professor's Rage Michele McPhee,2011-06-28 A BRILLIANT PROFESSOR A devoted wife and mother and a Harvard educated scientist working as a biology professor at the University of Alabama Huntsville Amy Bishop seemed to have it all But when she was denied tenure her whole world came crashing down and she reacted in a way no one ever could have imagined A WIFE AND MOTHER On February 13 2010 Amy was charged with murder for opening fire in a staff meeting the day before killing three colleagues and injuring others How could one woman s fury unleash such destruction While the campus massacre made national headlines authorities began a thorough investigation and uncovered another chilling episode in Amy s past A TRAGIC ACCIDENT OR VICIOUS MURDER When she was twenty one Amy fatally shot her teenage brother Seth His death was ruled an accident and no charges were pressed But for many involved in the case Amy s story didn t add up and law enforcement officials suspected it was murder After the Huntsville rampage the cold case was reopened and Amy would find herself charged with killing her own brother murder in the first degree If Amy had been found guilty twenty four years earlier three lives might have been saved With 8 pages of dramatic photos *The Memorial Hall Murder* Jane Langton,2012-04-17 With ebullience and good humor the award winning author brings back former detective Homer Kelly now a Harvard professor to solve a killing on campus Eudora Welty An explosion rocks the foundations of Harvard University s stately Memorial Hall Built a century ago to honor alumni who died defending the Union in the Civil War the hall is a focal point of the campus Now it is a crime scene A corpulent body is found inside decapitated by the blast The dead man is Hamilton Dow conductor of the school orchestra and one of the most beloved men on campus The university s president James Cheever couldn t be more pleased Dow had opposed every one of Cheever s attempts to improve and enlarge Harvard and this terrible accident means that Cheever s path to complete domination of the campus is clear But was it an accident Homer Kelly Harvard professor and occasional sleuth is not so sure Cheever was not the only man on campus who wanted Dow dead and as Homer looks for the culprit he finds a terrible secret behind the bombing that turned the Civil

War memorial into a tomb *The Harvard Murders* Robert J Mrazek,2025-02-04 Harvard College 1937 In America tensions are rising as war clouds spread across Europe but for Harvard sophomores Jim Rousmaniere and his roommate John F Kennedy a nightmare begins closer to home Their carefree campus life of dining hall pranks and spirited debates is shattered when Jim s adopted stray cat is found mutilated and dying on a dorm room floor One of the nine men living on their corridor is guilty of hideous cruelty But which one The nightmare darkens when Maggie Halloran a young Irish immigrant and friend of Jim and Jack disappears without word As the pair grapples with what they re willing to risk it will take every measure of courage and resourcefulness to track down the monstrous predator who may live next door In a stunning blend of fact and fiction Mrazek leads readers on a hunt from Harvard Yard to the brothels of South Boston and the Kennedy mansion at Hyannis Port as an array of real life characters including Langston Hughes and a young Leonard Bernstein find their way into these gripping pages Harvard's Quixotic Pursuit of a New Science Patrick L. Schmidt,2022-06-21 In Harvard s Quixotic Pursuit of a New Science Patrick L Schmidt tells the little known story of how some of the most renowned social scientists of the twentieth century struggled to elevate their emerging disciplines of cultural anthropology sociology and social and clinical psychology Scorned and marginalized in their respective departments in the 1930s for pursuing the controversial theories of Freud and Jung they persuaded Harvard to establish a new department promising to create an interdisciplinary science that would surpass in importance Harvard s big three disciplines of economics government and history Although the Department of Social Relations failed to achieve this audacious goal it nonetheless attracted an outstanding faculty produced important scholarly work and trained many notable graduates At times it was a wild ride Some faculty became notorious for their questionable research Timothy Leary and Richard Alpert reborn as Ram Dass gave the psychedelic drug psilocybin to students while Henry Murray traumatized undergraduate Theodore Kaczynski later the Unabomber in a three year long experiment Central to the story is the obsessive quest of legendary sociologist Talcott Parsons for a single theory unifying the social sciences the white whale to his Captain Ahab All in all Schmidt s lively narrative is an instructive tale of academic infighting hubris and scandal **Guns and College Homicide** Stephen K. Boss,2019-01-28 At a time when mass shootings in schools and other public spaces have become commonplace it might seem surprising that American college campuses are not magnets for murderers but sanctuaries from them Because of remarkably effective gun safe policies deaths by firearms on college campuses are 1 000 times less frequent than in the U S public at large Drawing on crime data submitted in compliance with the Clery Act and public reports of those crimes this study inventories every documented homicide at a U S college or university between 2001 and 2016 making a compelling argument for using gun safe campuses as guides for broader public safety *America's Classic Murder* Edmund Lester Pearson,1925 **The Annals of Murder** Thomas M. McDade,1961 Murder at Smutty Nose Edmund Lester Pearson,1926 Harvard Has a Homicide Timothy Fuller,1936 **Excellence Without a Soul** Harry Lewis,2007-08-14 A Harvard professor and former Dean of Harvard College offers his

provocative analysis of how America's great universities are failing students and the nation Thirty Years of Lynching in the United States, 1889-1918 National Association for the Advancement of Colored People, 1919 **Appleton's Popular Science Monthly**, 1948 **Digital new deal: the quest for a natural law in a digital society** Riccardo

Genghini, 2021-06-08 The quest for a natural law that can be applied to a digital society may sound like an oxymoron but it is a necessary quest if we hope to institute a Digital New Deal Hence the title of this book Today once again mass media is disrupting society much as radio and cinema were used to buttress totalitarianism in the 1920s or even worse in the 15th century when the printing of the Bible unleashed 100 years of war plague and instability Things get messy when people disagree on facts rather than ideas Natural law springs from the features of the physical world which contains boundaries an inside and an outside limited resources living individuals objects living animals living plants climate the four elements etc None of this is a given in the digital world which looks today like feudalism in a box with fire walled communities run by unelected autocrats system administrators ruling over countless subjects whose identities are tied to the domain of the fire walled community and whose rights can only be enforced by the autocratic system administrator This dystopic reality is neither necessary nor inevitable It is the consequence of bad technical design and inappropriate business models which are destroying the spirit of free pluralism that enabled them to thrive in the first place Information technology has its own ontology and natural rules and we must understand them and learn to regard them as being among the founding legal principles of our free open pluralistic societies Of the 12 founding digital principles addressed here the most important may well be that we must each own and control our digital identities In the world created by information technology everyone and everything should possess a UID a unique identifier Without one we are just helpless particles lost in a dark and hostile universe
