Shaw,2018-06-26 Far away from any World War II battlefield the citizens of Melbourne lived in fear of a serial killer the Brownout Strangler May 1942 Melbourne was torn between fearing Japanese invasion and revelling in the carnival atmosphere brought by the influx of 15 000 cashed up American servicemen But those US forces didn't guarantee safety Not long after their arrival the city would be gripped by panic when the body of a woman was found strangled partially naked and brutally beaten Six days later another woman was found dead and her body told the same horrific story A murderer was stalking the streets As women were warned not to travel alone an intense manhunt ensued Not long after a third woman was murdered American soldier Eddie Leonski was arrested A calculating psychopath he had a twisted fascination with female voices especially when they were singing Acclaimed author Ian W Shaw brings World War II Melbourne to life and takes us into the mind of the Brownout Strangler and a very different kind of terror entralling makes for a fascinating read *Canberra Times* on Ian W Shaw's *The Rag Tag Fleet*
