**Psyching for Sport** Terry Orlick, 1986      **The Complete Guide to Sports Training** John Shepherd, 2013-05-31 The Complete Guide to Sports Training is the definitive practical resource for anyone wishing to improve their performance and for coaches looking to get the best out of their athletes. It demystifies sports science and provides athletes and coaches with the basic building blocks they need to maximise performance. Starting with the basics and progressing to the specific elements all athletes need: speed, endurance and power. This invaluable handbook explains the theory in simple, easy-to-understand terms before discussing the most effective training methods and techniques, as well as giving guidance on developing a training plan, sports psychology and training younger and older athletes. This is the first time such a wealth of sports science knowledge has been available in one book and written in such an accessible style and should become the sports training handbook for athletes, coaches and sports science students.

This manual also teaches athletes how to prepare for football combine testing and track and field events. You will also be provided with information on recruiting services for college and professional levels. The In-Season Training Manual Jason Shea, 2012-09-01 You've trained hard all off-season. Now that the competitive season has begun, how do you maintain your hard-earned results? What good is it for an athlete to be their strongest, quickest and most powerful at the beginning of season only to see those gains slowly deteriorate as the season progresses? Are you interested in how to maintain or even increase strength during season? How to decrease risk of injury? How to preserve gains in speed and power? Perform at optimal levels all season long. The answers to these questions and more are now available with the In-Season Training Manual, the first book dedicated to the topic of in-season training. Written by owner of APECS corp, College Professor, Municipal Police Training Committee, Statewide Health and Wellness Coordinator and PICP Level IV International Strength Coach, Jason Shea, M.S., the In-Season Training Manual is a 256-page comprehensive guide to In-Season Training.
