there is all new coverage of COVID 19 and how the concert industry has been impacted as well as digital advances that have been made *Authoritarianism, Informal Law, and Legal Hybridity* Ihsan Yilmaz, 2022-04-06 This book investigates Turkey's departure from a flawed democracy under Kemalist secularism and its transitioning into Islamist authoritarian Erdoganism through the lenses of informal law, legal pluralism and legal hybridity. In doing so it examines the attempts of Turkey's ruling party AKP at social engineering and gradual Islamisation of the Turkish state and society by using informal Islamist laws. To that end the book argues that the AKP has paved the way for Islamist legal hybridity where society, state and law are being gradually Islamised on an ad hoc basis. Informal law and legal pluralism in Turkey have had a non state characteristic which have permitted Muslims to solve disputes by seeking the opinions of religio legal scholars. Yet under the AKP rule this informal legal system has become increasingly dominated by conservatives sometimes radical Islamists which the governing party has taken advantage of by either formalizing some parts of the informal Islamist law or using it informally to mobilize its supporters against the opposition.
