Uses of recycled plastic bottles are one of the creative ways to recycle the plastic bottles as well as it will also increase the beauty of the wall. Same thing is for the landscaping no need to buy pebbles from the market one can use moss gravels slits stones bricks and plants for the landscape design. Apart from this for making the terrarium tray garden you can use things which can readily available in nature such as wood grasses moss stones marbles mushrooms conch shell uses of colorful clay instead of using costly miniatures ice cream matchsticks for making the fence house flowers colors etc. If you have a low budget then you can start from the basics. If you can start with the precious things available in the market you can also go for that. Still simplicity and the idea of recycling the products help to maintain the sustainability of the environment. All these things had done in Lokneta Ramdas Patil Dhumal Arts Science Commerce College Rahuri Ahmednagar India 413705.
