 Range of readings by Indian and international critics over a period of six decades or from the beginnings of a critical
 discourse in the 1930s until the present time The four chapters of the book offer a critical investigation into the reception of
 the novel genre as such and of the works of its three founding fathers viz Mulk Raj Anand R K Narayan and Raja Rao The
 latter chapters are supplemented by a list of the respective author s novels the most comprehensive critical bibliography to
 date and a list of critics that includes their publications dates Following the development of both the emergence of the
 modern Indian novel in English since the mid 1930s and its critical evaluation Riemenschneider illustrates the at times
 controversial reaction to a new literary genre as well as the national and international shifts of the critical literary discourse
 from the earlier close reading approach of New Criticism to the more recent employment of postmodern and postcolonial
 theorems The Indian Novel in English thus offers the reader insight into the development of a particular regional critical
 scene as well as into the general critical concern with what is now referred to as postcolonial literature No serious student of
 the Indian novel in English should miss this comprehensive informative and balanced critical study **Current Index to**
