## New Religions

**Irving Hexham**

## New Religions:

**New Religions in Global Perspective** Peter B. Clarke, 2004-06-01 Peter B Clarke's in depth account explores the innovative character of new religious movements and new forms of spirituality from a global vantage point. Ranging from North America and Europe to Japan Latin America South Asia Africa and the Caribbean it is the perfect introduction to NRMs such as Falun Gong Aum Shirikyo the Brahma Kumaris the Ikhwan or Muslim Brotherhood Sufism the Engaged Buddhist and Engaged Hindu movements Messianic Judaism and Rastafarianism Charting the cultural significance and global impact of NRMs he discusses the ways in which various religious traditions are shaping rather than displacing each other's understanding of notions such as transcendence and faith good and evil of the meaning purpose and function of religion and of religious belonging He then examines the responses of governments churches the media and general public to new religious movements as well as the reaction to older increasingly influential religions such as Buddhism and Islam in new geographical and cultural contexts Taking into account the degree of continuity between old and new religions each chapter contains not only an account of the rise of the NRMs and new forms of spirituality in a particular region but also an overview of change in the regions mainstream religions

### **Cults and New Religions** Douglas E. Cowan, David G.

Bromley, 2015-06-15 This unparalleled introduction to cults and new religious movements has been completely updated and expanded to reflect the latest developments each chapter reviews the origins leaders beliefs rituals and practices of a NRM highlighting the specific controversies surrounding each group A fully updated revised and expanded edition of an unparalleled introduction to cults and new religious movements Profiles a number of the most visible significant and controversial new religious movements presenting each group's history doctrines rituals leadership and organization Offers a discussion of the major controversies in which new religious movements have been involved using each profiled group to illustrate the nature of one of those controversies Covers debates including what constitutes an authentic religion the validity of claims of brainwashing techniques the implications of experimentation with unconventional sexual practices and the deeply rooted cultural fears that cults engender New sections include methods of studying new religions in each chapter as well as presentations on groups to watch

### **Controversial New Religions** James R. Lewis, Jesper Aa. Petersen, 2014-07-16

In terms of public opinion new religious movements are considered controversial for a variety of reasons Their social organization often runs counter to popular expectations by experimenting with communal living alternative leadership roles unusual economic dispositions and new political and ethical values As a result the general public views new religions with a mixture of curiosity amusement and anxiety sustained by lavish media emphasis on oddness and tragedy rather than familiarity and lived experience This updated and revised second edition of Controversial New Religions offers a scholarly dispassionate look at those groups that have generated the most attention including some very well known classical groups like The Family Unification Church Scientology and Jim Jones's Peoples Temple some relative newcomers such as the

Kabbalah Centre the Order of the Solar Temple Branch Davidians Heaven's Gate and the Falun Gong and some interesting cases like contemporary Satanism the Raelians Black nationalism and various Pagan groups Each essay combines an overview of the history and beliefs of each organization or movement with original and insightful analysis By presenting decades of scholarly work on new religious movements written in an accessible form by established scholars as well as younger experts in the field this book will be an invaluable resource for all those who seek a view of new religions that is deeper than what can be found in sensationalistic media stories **Understanding New Religious Movements** John A Saliba,2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible **New Religions** Eugene V. Gallagher,Lydia Willsky-Ciollo,2021-02-15 A valuable resource for students and general audiences this book provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present New Religions Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah's Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven's Gate and the Branch Davidians The entries highlight thematic and broader issues that run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities **New Religious Movements** Jamie Cresswell,Bryan Wilson,2012-12-06 New Religious Movements Challenge Response is the most comprehensive wide ranging study on the global impact of new religions New religions discussed include Hare Krishna Sikh Dharma The Unification Church The Church of Scientology The Jesus People

and Wicca Focuses on the rise of new religious movements in Italy Brazil United States Germany and Britain The contributors are among the most respected and reputable experts in the field *New Religions and the Theological Imagination in America* Mary Farrell Bednarowski,1989-11-22 Bednarowski is especially good at elucidating the theological daring of these new American religions She demonstrates in a very few pages how theology and group adherence made the individual count a configuration simultaneously American un American and important Jon Butler The cultural confrontation with these new religions is very real and usually very misinformed Bednarowski has gone to great lengths to dispel the ignorance The Christian Century A groundbreaking study Syzygy Journal of Alternative Religion and Culture Organized as a series of theological conversations about ultimate questions this book offers a guide to the answers these six religions offer Drawing heavily on sources from the movements themselves it presents a balanced comparative account of the emerging theological systems of America s new religions **Six Perspectives on New Religions** ,1981 This work aims to offer a reminder that the external validity of our concepts such as religious cults is more limited than most of us realize

Historical Dictionary of New Religious Movements George D. Chryssides,2012 New religious movements commonly known as cults are defined as organizations that have arisen within the last 200 years Most treatments of these movements have typically resorted to sensationalism rather than objectivity and New religious movements tend to receive negative media publicity Despite their unfavorable portrayal in popular culture however new religious movements are a global phenomenon and much remains to be studied about these movements In this newly updated second edition of the Historical Dictionary of New Religious Movements George D Chryssides traces the rise and development of new religious movements throughout the world An updated introduction summarizes the phenomenon of new religious movements and lays out the changes to the dictionary since the 2001 edition while the main body of the dictionary consists of close to 600 cross referenced entries on key figures ideas themes and places related to various new religious movements An index organizes the information in the dictionary and a comprehensive bibliography leads the researcher to further sources This book is an excellent access point for students researchers and anyone wanting to know more about new religious movements New Religious Movements Dereck Daschke,Michael Ashcraft,2005-06-17 An original collection of primary documents conveying the wide array of ideas connected to new religious movements New Religious Movements is a highly unique volume bringing together primary documents conveying the words and ideas of a wide array of new religious movements NRMs and offering a first hand look into their belief systems Arranged by the editors according to a new typology the text allows readers to consider NRMS along five interrelated pathways from those that offer new perceptions of existence or new personal identities to those that center on relationships within family like units to those movements that highlight the need for recasting the social order or anticipate the dawn of a new age The volume includes original documents from groups such as the Unification Church Theosophy Branch Davidians Wicca Jehovah s Witnesses Santeria and Seventh Day Adventists as well

as many others Each section is prefaced by a contextual introduction and concludes with a list of sources for further reading New Religious Movements offers a rare inside look into the worldviews of alternative religious traditions *The Oxford Handbook of New Religious Movements* James R. Lewis,2003-12-11 The study of New Religious Movements NRMs is one of the fastest growing areas of religious studies This Handbook covers the current state of the field and breaks new ground Its contributors are drawn equally from sociology and religious studies and include both established scholars and rising stars in the field The core chapters deal with such central issues as conversion the brainwashing debate millennialism and modernization Another section deals with NRM subfields such as neopaganism satanism and UFO religions The final section considers NRMs in global perspective *Researching New Religious Movements* Elisabeth Arweck,2004-08-02 What this book is about Milestones in a research itinerary Institutions and institutional knowledge Sketching in the cultural background The anti cult movement s response The response of the mainstream churches Conclusions *The Bloomsbury Companion to New Religious Movements* George D. Chryssides,Benjamin E. Zeller,2014-01-02 The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events **Strange Rites** Tara Isabella Burton,2020-05-19 A sparklingly strange odyssey through the kaleidoscope of America s new spirituality the cults practices high priests and prophets of our supposedly post religion age In Strange Rites Tara Isabella Burton takes a tour through contemporary American religiosity As the once dominant totems of civic connection and civil discourse traditional churches continue to sink into obsolescence people are looking elsewhere for the intensity and unity that religion once provided We re making our own personal faiths theistic or not mixing and matching our spiritual ritualistic personal and political practices in order to create our own bespoke religious selves We re not just building new religions in 2019 we re buying them from Gwyneth Paltrow s gospel of Goop to the brilliantly cultish SoulCycle to those who believe in their special destiny on Mars In so doing we re carrying on a longstanding American tradition of religious eclecticism DIY innovation and unchurched piety and highly effective capitalism Our era is not the dawn of American secularism but rather a brand bolstered resurgence of American pluralism revved into overdrive by commerce and personalized algorithms all to the tune of Hallelujah America s

most popular and spectacularly misunderstood wedding song     **Odd Gods** James R. Lewis,2001-02 Reviews the history and major tenets of many diverse religious sects across the full range of belief     *New Religious Movements: A Guide for the Perplexed* Paul Oliver,2012-02-02 Exploration of new religious movements which have originated since 1950 setting them within their social and cultural context     *Encyclopedia of New Religions* Christopher Hugh Partridge,2004 A

comprehensive and authoritative guide to over 200 new religions sects and alternative spiritualities     **New Religions As Global Cultures** Irving Hexham,2018-02-12 Although the Great Anti Cult Crusade links new religious movements to

dangerous cults brainwashing and the need for deprogramming Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults

**The Elementary Forms of the New Religious Life** Roy Wallis,2019-03-19 This book first published in 1984 examines the whole range of new religious movements which appeared in the 1960s and 1970s in the West It develops a wide ranging theory of these new religions which explains many of their major characteristics Some of the movements are well known such as Scientology Krishna Consciousness and the Unification Church Others such as the Process Meher Baba and 3 HO are much less known While some became international others remained local in other ways too such as style belief organisation they exhibit enormous diversity The movements studied here are classified under three ideal types world rejecting world affirming and world accommodating and from here the author develops a theory of the origins recruitment base characteristics and development patterns which they display The book offers a critical exploration of the theories of the new religions and analyses the highly contentious issue of whether they reflect the process of secularisation or whether they are a countervailing trend marking the resurgence of religion in the West

**Pocket Dictionary of New Religious Movements** Irving Hexham,2009-09-20 A 2003 Finalist in the Word Guild Canadian Writing Awards Studying new religious movements can be like trying to learn several languages at once each with its own vocabulary grammar and syntax The flourishing variety of these movements today makes the task even more difficult Irving Hexham has designed Pocket Dictionary of New Religious Movements to be an indispensable companion for students of religion and a fascinating guide for curious and perplexed observers of the religious scene Here are nearly 450 entries covering specific groups from the Aetherius Society to the Zion Christian Church practices from the Alexander technique to Yoga UFO religion from alien abductions to Unarius Academy of Science symbols from the ankh to yin yang religious texts from the apocryphal New Testament to the Vinaya Pitaka religious leaders from George Adamski to Rabbi Zalman Reference books on religion

tend to be too large expensive and unwieldy for those who want quick information Both handy and affordable this Pocket Dictionary offers quick concise and reliable answers to basic questions about new religious movements

## Unveiling the Energy of Verbal Art: An Emotional Sojourn through **New Religions**

In some sort of inundated with monitors and the cacophony of immediate connection, the profound power and mental resonance of verbal beauty often diminish into obscurity, eclipsed by the regular onslaught of sound and distractions. However, located within the musical pages of **New Religions**, a interesting work of fictional splendor that impulses with natural emotions, lies an unforgettable journey waiting to be embarked upon. Penned by way of a virtuoso wordsmith, this magical opus manuals readers on a mental odyssey, delicately revealing the latent possible and profound influence embedded within the complex web of language. Within the heart-wrenching expanse of this evocative examination, we will embark upon an introspective exploration of the book is central subjects, dissect their captivating writing model, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
