Contemporary Images of Christian Ministry Donald E. Messer,1989 Explains five contemporary images of ministry as a first step toward developing a personal vision wounded healer servant leader political mystic practical theologian enslaved liberator Metaphors of Ministry David W. Bennett,2004-01-28 Down through the centuries church leaders have studied the Gospels to discover patterns of leadership development that can be applied to their own context Yet the word leader does not appear in the Gospels Could it be that leadership has more to do with learning to follow than learning to command supervise or manage On right attitudes than on mastery of certain skills Many of the insights we need are embedded in the images which Jesus used to describe his followers So David W Bennett introduces his stimulating and scholarly study previously published under the title Biblical Images for Leaders and Followers He examines the many images and metaphors in the Gospels relating to how disciples follow Jesus and in turn influence others Then he moves on to survey much of the evidence to be found in the images of the rest of the New Testament Finally he draws some judicious conclusions for an understanding of Christian leadership in our own day The author has considerable cross cultural experience having taught church leaders in Japan India the Philippines Papua New Guinea Malaysia India Nepal Tanzania and Kenya in addition to pastoring churches in California Oregon and Massachusetts He has also traveled and done research among church leaders in Malawi South Africa Brazil Argentina Cambodia Vietnam China Korea Thailand Russia and the Czech Republic His aim is to stimulate thought on these questions in churches all over the world not just in the west The Incorporation of the Triune God in Himself and with His Believers Kerry S. Robichaux,2023-07-04 Incorporation refers to the joint concept of the mutual indwelling of the Father the Son and the Spirit and Their mutual working together as one These two concepts are not new in Christian thought but they are overlooked by many Christian teachers and writers today and consequently by many Christians in general The effect of this omission is that many common believers if not their teachers fall easily into the mistaken view that the three of the Divine Trinity exist separably act separably and therefore are separably three Gods even

though most know better than to say so This book is at one level a reaction to that mistaken view because the writers of the New Testament were very far from it in their concept and utterance But at stake is not just the Trinity as the capital teaching of the Christian faith if that were not enough to be concerned about The essence of true Christian experience is also greatly affected by our understanding of how the Triune God is in Himself and how He acts in Himself for according to the New Testament the essence of the believers life and living is the extension of the Triune God s mutual indwelling and mutual working together as one within them Thus at another level this book is a reaction to a merely moral and ethical view of the Christian life because again the writers of the New Testament present the Christian life more profoundly as the believers incorporation of the Triune God who lives and operates within them The content of this book is a careful consideration of the incorporation of the Triune God in Himself and with His believers as evidenced textually in the New Testament particularly the Gospel of John through the Epistle of Jude
