Bellavista,2014-01-03 This book constitutes the thoroughly refereed proceedings of the 5th International Conference on Ad Hoc Networks ADHOCNETS 2013 held in Barcelona Spain in October 2013 The 14 revised full papers presented were carefully selected and reviewed from numerous submissions and cover a wide range of applications commercial and military such as mobile ad hoc networks sensor networks vehicular networks underwater networks underground networks personal area networks home networks and large scale metropolitan networks for smart cities They are organized in topical sections on wireless sensor networks routing applications and security **Authoritarian Journalism** Ruth Moon,2023-10-03

Journalists working in authoritarian countries contend with competing institutional logics This is particularly the case in post conflict countries where journalistic practice is simultaneously shaped by historical antagonisms global development initiatives and the authoritarian state While journalism schools and professional organizations speak a Western logic of objectivity and independence political history instills a logic of subordination and organizational business models instill a logic of financially motivated censorship As more countries move away from democratic models more and more journalists will face these seemingly irreconcilable pressures Building on months of ethnographic work Ruth Moon looks at journalistic practice in Rwanda a country where journalism has developed into a stable field in the two and a half decades since the nation s 1994 genocide At the same time its journalists facing pressure to please the State have lost confidence in themselves and readers have lost faith in local media Can the nation s news media reinvigorate itself either from within or with assistance from global journalism actors This book examines journalism practice in Rwanda to draw conclusions applicable to journalism fields everywhere Moon argues that not only is the force of globalization inadequate to shift local practice but it in fact serves to reinforce local practices and boundaries [Lenin and Trotsky - What they really stood for](#) Alan Woods,Ted

Grant, The ideas of Lenin and Trotsky are without doubt the most distorted and slandered ideas in history For more than 100 years they have been subjected to an onslaught from the apologists of capitalism who have attempted to present their ideas Bolshevism as both totalitarian and utopian An entire industry was developed in an attempt to equate the crimes of Stalinism with the regime of workers democracy that existed under Lenin and Trotsky It is now more than fifty years since the publication of the first edition of this work It was written as a reply to Monty Johnstone who was a leading theoretician of the Communist Party of Great Britain Johnstone had published a reappraisal of Leon Trotsky in the Young Communist League s journal Cogito at the end of 1968 Alan Woods and Ted Grant used the opportunity to write a detailed reply explaining the real relationship between the ideas of Lenin and Trotsky This was no academic exercise It was written as an appeal to the ranks of the Communist Party and the Young Communist League to rediscover the truth about Trotsky and return to the original revolutionary programme of Lenin Also included in this new edition is Monty Johnstone s original Cogito article as well as

further material on Lenin's struggle with Stalin in the last month of his political life. The foreword is written by Trotsky's grandson Vsievolod Volkov [Indian Media Giants](#) Surbhi Dahiya, 2022-04-30 Indian Media Giants is an analytical chronicle of six Indian mega media conglomerates' individual odyssey from their beginnings in the pre-independence era to their transformation into powerful business empires in the digitised modern India. The book traces media metamorphoses, contours of growth and development, travails and trajectories, organizational structures, editorial policies, and business dynamics of print majors in India, namely The Times Group, The Hindu Group, The Hindustan Times Limited, The Indian Express Group, Dainik Jagran Limited, and DB Corp Limited.

, 1873 *Homi Bhabha: An Introduction and Critique, Volume 3: Political Theory and Practice* Andrew

McLaverty-Robinson, 2020-01-31 Homi Bhabha: An Introduction and Critique is a pathbreaking three-volume study of the celebrated postcolonial scholar's work. McLaverty Robinson's careful reading renders Bhabha's theories in plain English without losing their meaning. In addition, McLaverty Robinson's incisive critique cuts through the theoretical aura of Bhabha's work and explores whether his theories work in practice either empirically or politically. This third and final volume explores the political content and implications of Bhabha's work. It explores Bhabha's political proposals such as the ideas of a community of suffering and a right to narrate. It also explores Bhabha's relationship to neoliberalism and to the Eurocommunist current in the 1980s and his critical engagements with liberalism, communitarianism, Marxism, critical race theory, Deleuze and Guattari, and Frantz Fanon. This volume also includes an entire chapter providing a background on neoliberalism and a comprehensive index covering all three volumes.
