**The Modern Encyclopedia** Alexander Hopkins McDannald,1933    **A History of Information Storage and Retrieval** Foster Stockwell,2007-11-02 Throughout history humans have sought ways not only to acquire but to preserve knowledge From when to plant crops to who begat whom even the earliest people worked to gather and store information Today computers and other technologies have almost completely changed the world of information access and storage This history traces the development of knowledge collecting from early humans whose minds served as repositories of culture and lore through the first libraries and encyclopedias to the many advances of the twentieth century Ironically it is with these latest advances that the preservation of knowledge has foundered For example CD ROMs can last no doubt for decades but the software programs that run them will not because they are constantly being upgraded Both well known and obscure pieces of the information story are explored in this work From Diderot s encyclopedia to anonymous librarians of the ancient world the people who created information storage systems and the systems themselves are all presented Fully indexed

**Renegades, Rebels and Rogues Under the Tsars** Peter Julicher,2003-08-25 In the Russia of the tsars people who criticized or questioned the autocratic prerogatives of the sovereign were brutally suppressed and sometimes actively persecuted So imbedded was this official hostility to anyone hoping to change or even influence government policy that even the most high minded reformers came to understand that the only way they could succeed was to overthrow the regime The author describes the activities of the most important dissidents and agitators from the reign of Ivan the Terrible to Nicholas II and the Communist Revolution in 1917 Many of these fascinating individuals were serious activists endeavoring to improve society others were opportunistic scoundrels and adventurers The author explores the causes that provoked them and the consequences they faced and explains how time and time again the tsars were goaded into mistakes and over reaction
