necessarily judges by set standards and when vital changes come he is all at sea whereas the student is free to seek gold where he will Thus I have sifted the sands of many a new current and here the resulting treasures are offered to him who has patience to read If the authority complain that the offerings have not the sanction of time I may only retort that I believe the over enthusiastic student is a better guide than the over cautious critic Nothing has been put down here in haste or Without thought If my judgments still fail if I seem too tolerant toward the things that are new it must be because futurism appeals to me more than archaology as a force for progress in art In writing of the arts of the theatre I would rather be a futurist than an archivist About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
