**Settling Scores** Joseph Franklin,2006 SETTLING SCORES A Life in the Margins of American Music details one life lived in the margins of America s musical consciousness From a working class background in gritty North Philadelphia to the sanctity of European concert stages from imagined dangers lurking along the waterfronts in mysterious Asian cities to the real dangers lurking in the narrow minds of those who uphold the status quo in American music this book reveals the life of one who embraced change and in the process gained political leverage and intellectual freedom It is the story of Joseph Franklin and a legion of collaborators and it is a snapshot view of a slice of America s musical landscape in the final quarter of the 20th century including a history of Rel che and The Rel che Ensemble Born in Philadelphia Joseph Franklin is a graduate of the Philadelphia Musical Academy and Temple University s Graduate School of Music He has composed works for mixed instrumental vocal ensembles film video theater and dance In 1977 he co founded The Rel che Ensemble which evolved into Rel che Inc a presenting and producing organization in support of the Rel che Ensemble He served as founding executive and artistic director of Rel che until 1998 Independently and as Director of Rel che he has been a producer of concerts festivals recordings radio programs residency programs international tours and other related music events including the NEW MUSIC AMERICA 1987 Festival NEW MUSIC AT ANNENBERG at The University of Pennsylvania and MUSIC IN MOTION a nationwide audience development project He formerly served as Artistic Director for Helena Presents The Myrna Loy Center a performing arts and film center located in Helena Montana He has published criticism and book reviews in the Philadelphia Inquirer and Philadelphia City Paper While living in Louisiana he developed and taught courses in arts administration and an overview of 20th century music at the University of New Orleans while serving as an independent consultant to arts organizations He currently serves as executive director for Chamber Music Albuquerque a presenting organization dedicated to presenting world class chamber music ensembles in concert     Sound Work Jonathan Impett,2021-12-15 The practices and perception of music creation have evolved with the cultural social and technological contexts of music and musicians But musical authorship in its many technical and aesthetic modes remains an important component of music culture Musicians are increasingly called on to share their experience in writing However cultural imperatives to account for composition as knowledge production and to make claims for its uniqueness inhibit the

development of discourse in both expert and public spheres Internet pioneer Philip Agre observed a discourse deficit in artificial intelligence research and proposed a critical technical practice a single disciplinary field with one foot planted in the craft work of design and the other foot planted in the reflexive work of critique A critical technical practice rethinks its own premises re evaluates its own methods and reconsiders its own concepts as a routine part of its daily work This volume considers the potential for critical technical practice in the evolving situation of composition across a wide range of current practices In seeking to tell more honest useful stories of composition it hopes to contribute to a new discourse around the creation of music The New Music Review and Church Music Review ,1928 **Musical America** ,1916 *Discovering Dance* Gayle Kassing,2014-05-23
