*Death in Jewish Life* Stefan C. Reif, Andreas Lehnardt, Avriel Bar-Levav, 2014-08-27 Jewish customs and traditions about death burial and mourning are numerous diverse and intriguing They are considered by many to have a respectable pedigree that goes back to the earliest rabbinic period In order to examine the accurate historical origins of many of them an international conference was held at Tel Aviv University in 2010 and experts dealt with many aspects of the topic This volume includes most of the papers given then as well as a few added later What emerges are a wealth of fresh material and perspectives as well as the realization that the high Middle Ages saw a set of exceptional innovations some of which later became central to traditional Judaism while others were gradually abandoned Were these innovations influenced by Christian practice Which prayers and poems reflect

these innovations What do the sources tell us about changing attitudes to death and life after death Are tombstones an important guide to historical developments Answers to these questions are to be found in this unusual illuminating and readable collection of essays that have been well documented carefully edited and well indexed [Epitaphs to Remember](#) Janet Greene,1992-01-01 In earlier times people felt the need to leave a permanent record of who they were and what they stood for Nowadays people tend to keep quiet about those things at least in their final resting place But many have found a new fascination in wandering about an old graveyard They are often touched and moved by what they read there Those people of former generations have much to say to us although with great economy of words because each letter had to be chiseled in stone with hand tools [\*\*Genealogy and American Local History in the Michigan State Library\*\*](#) Michigan State Library,1915
