New Perspectives in Bereavement and Loss:
Complicated and Disenfranchised Grief Along the Life Cycle Manuel Fernández-Alcántara,Francisco Cruz-Quintana,María Nieves Pérez-Marfil,Cyrille Kossigan Kokou-Kpolou,2021-07-27

Advances and New Perspectives in Higher Education Quality Maria Esteban,Ana B. Bernardo,Ellian Tuero Herrero,Joana R. Casanova,Antonio

Cervero,2024-04-22 The changes that have occurred in today s society require Higher Education to be highly efficient in the academic and professional preparation of young people who enter university For that reason universities around the globe have been advocating in recent years for an improvement in the quality of teaching learning processes As an example the World University Consortium 2023 currently presents among its most urgent and priority objectives the identification of the best evaluative practices of the educational processes that are carried out at the University as well as the recognition of the actions aimed at improving educational processes based on scientific evidence In this way it seeks to distinguish all those educational actions that are at the forefront going from actions at the micro level such as individual teaching practices in the classroom such as the application of the flipped classroom or the use of augmented reality up to actions taken at the macro

level such as those proposed in the Horizon Europe 2020 strategy New Outlook ,1918 **New Perspectives on Aggression Replacement Training** Arnold P. Goldstein,2004-10-15 Aggression Replacement Training is a cognitive behavioral intervention targeted to aggressive adolescents children It has been widely adopted in the U S Europe Australia elsewhere is a growing intervention prevention approach **The New Outlook for the Blind** ,1907 **Intelligent Computing** Kohei Arai,2023-08-19 This book is a collection of extremely well articulated insightful and unique state of the art papers presented at the Computing Conference which took place in London on June 22 23 2023 A total of 539 papers were received out of which 193 were selected for presenting after double blind peer review The book covers a wide range of scientific topics including IoT Artificial Intelligence Computing Data Science Networking Data security and Privacy etc The conference was successful in reaping the advantages of both online and offline modes The goal of this conference is to give a platform to researchers with fundamental contributions and to be a premier venue for academic and industry practitioners to share new ideas and development experiences We hope that readers find this book interesting and valuable We also expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject **Resource Communities** Kristof Van Assche,Monica Gruezmacher,Lochner Marais,Xaquin Perez-Sindin,2023-10-26 This book provides an innovative approach to understanding the governance of resource communities by showcasing how the past and present informs the future Resource communities have complicated relationships with the past and this makes their relationship with the future and the future itself also complicated The book digs deeply into the myriad legacies left by a history of resource extraction in a community and makes use of interdisciplinary and transdisciplinary perspectives to understand the complex issues being faced by a range of different communities that are reliant on different types of resources across the world From coal and gold mining to fishing towns and logging communities the book explores the legacies of boom and bust economies social memory trauma and identity the interactions between power and knowledge and the implications for adaptive governance Balancing conceptual and theoretical understandings with empirical and practical knowledge of resource communities natural resource use and social ecological relationships the book argues that solutions for individual communities need to be embraced in the community and not just in the perspectives of visiting experts Linking the past present and futures of resource communities in a new way the book concludes by providing practical recommendations for breaking open dependencies on the past including deepening awareness of the social economic and environmental contexts establishing strong governance and developing community strategies plans and policies for the future This book will be of great interest to students and scholars of natural resource governance and management extractive industries environmental policy community planning and development environmental geography and sustainable development as well as policymakers involved in supporting community development in natural resource dependent communities across the world **Popular Science** ,1958-09 Popular Science gives our readers the information

and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **New Perspectives** ,1981 *Organizational Transformation Through Business Process Reengineering* Vikram Sethi,William Richard King,1998 For advanced courses in Management Information Systems Organizational Transformation Through Business Process Reengineering deals with both successes and failures of business process reengineering maintaining that no one management approach is a cure all for organizational change This book contains 36 readings and 8 cases and builds on the evidence gained in actual firms with various business processes using many different business process reengineering approaches The information and knowledge currently available is much richer more comprehensive and detailed than has been previously available **Office Executive** ,1955 *The Tool Engineer* ,1942 **10 Years of Independence and Transition in Armenia** ,2001 **Popular Mechanics Magazine** ,1928 *New Realities* ,1977-04 **The School Executive** ,1921 **Minnesota Journal of Education** ,1921
