The Cancel Culture Panic Adrian Daub, 2024-09-24 Fear of cancel culture has gripped the world and it turns out to be an old fear in a new get up In this incisive new work Adrian Daub analyzes the global spread of cancel culture discourse as a moral panic showing that though its object is fuzzy talk of cancel culture in global media has become a preoccupation of an embattled liberalism There are plenty of conservative voices who gin up worries about cancel culture to advance their agendas But more remarkable perhaps is that it is centrist even left leaning media that have taken up the rallying cry and really defined the outlines of what cancel culture is supposed to be Media in Western Europe South America Russia and Australia have devoted as much in some cases more attention to this supposedly American phenomenon than most US outlets From French crusades against le wokisme via British fables of the loony left to a German obsession with campus anecdotes to a global revolt against gender studies countries the world over have developed culture war narratives in conflict with the US and above all its universities narratives that they themselves borrowed from the US Who exactly is afraid of cancel culture To trace how various global publics have been so quickly convinced that cancel culture

exists and that it poses an existential problem Daub compares the cancel culture panic to moral panics past investigating the powerful hold that the idea of being cancelled has on readers around the world A book for anyone wondering how institutions of higher learning in the US have become objects of immense interest and political lightning rods not just for audiences and voters in the US but worldwide Writers Talk Philip Tew,Fiona Tolan,Leigh Wilson,2008-05-01 Writers Talk includes interviews with Kate Atkinson Pat Barker Jonathan Coe Jim Crace Toby Litt Graham Swift Matt Thorne David Mitchell Alan Warner and Will Self Is it a good time to be a writer in the time of The Da Vinci Code It s not necessarily good time to be a literary writer Kate Atkinson The best novels allow us to rehearse the world ahead of us to play out the battle before we fight it to experience disaster before we encounter it to practice grief before it flattens us Narrative is useful It confers advantages on us as a species Jim Crace Why do writers write How do they react to criticism of their work What inspires them and how do go about working Does fiction have any political ethical or spiritual significance Can we learn more about a book from its author This collection of interviews with contemporary British novelists offers a fascinating insight into bestselling authors views on fiction today their influences and themes readers and critics why they write and their writing process and provides a snapshot of the reality of living as a writer **Contemporary Constructions of the Child** Frank S.
