New Testament Disunity Its Significance For Christianity Today:

New Testament Disunity John Charlot, 1970 Donated by Sydney Harris **The Byzantine Text-Type & New Testament Textual Criticism** Harry Sturz, 2022-06-08 Should the Byzantine text type be considered valuable in determining the original text of the New Testament Does it bear independent witness to ancient readings Dr Harry Sturz in a book published in 1984 maintained that it should be valued and that it could help with finding older readings and thus contribute to our knowledge of and confidence in the text of the Greek New Testament His position that the Byzantine text type should be weighed along with other witnesses to the ancient text differs from those who dismiss Byzantine manuscripts which were largely copied later but also from those who hold that the Byzantine text has priority or even is determinative of what the final reading should be He uses carefully laid out arguments and numerous specific examples in making his case This book is divided into two parts The first outlines the positions both for relying on the Byzantine text and for largely ignoring it Part two examines the evidence and outlines an argument that neither side of this debate should win the field but rather that the Byzantine text should be valued but not made exclusive Energion Publications is pleased to offer this reprint edition reproducing the text of the old book exactly and adding a preface by Dr David Alan Black We believe that Dr Sturz's arguments provide a strong case and are as relevant today as they were in 1984 We also believe that not just scholars but all believers should be made aware of discussions about the text of Scripture so that they can understand the arguments for the reliability of the text we have today This book is primarily aimed at students of New Testament textual criticism and at scholars who are seeking to refine their art The first section especially is accessible to any serious reader While the second section does include Greek text and excellent references the main argument is clear and accessible Systematic Theology, Volume 1, Fourth Edition James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind

boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary Unity and Diversity in the New Testament James D. G. Dunn,1990 Unity and Diversity has proved its value as a textbook over the years but it is now well over ten years old and scholarship has not stood still in that period To assist him in making the revisions now needed Professor Dunn enlisted the help of his New Testament seminar which subjected the whole book to a chapter by chapter critique To take all recent developments into account including recent studies in the sociology of early Christianity relations between Judaism and early Christianity and literary criticism the book would have had to be rewritten Since that was not possible the revision has been limited to completely revised bibliographies expanded and additional notes to add occasional clarifications or qualifications to the text and fresh introductions to each chapter **Prophecy in Early Christianity and the Ancient Mediterranean World** David E. Aune,2003-08-12 Aune s comprehensive study of early Christian prophecy includes a review of its antecedents Greco Roman oracles ancient Israelite prophecy prophecy in early Judaism a discussion of Jesus as prophet and analyses of Christian prophetic speeches from Paul to the middle of the second century A D The most detailed study of early Christian prophecy written Aune s book places the phenomenon of early Christian prophecy within the larger Greco Roman world **The Tommentary** Robert M. Price,2013-02 Previous commentaries on the Gospel of Thomas have tended mainly to make this intriguing text less understandable to the general reader not less Choking on their authors methodology these commentaries are more about them than the text Robert M Price brings striking clarity to a fascinating text bridging the dusty centuries Price draws on the learning of his predecessors while providing many new interpretations Does Thomas use the canonical gospels Or was it written earlier Why was it excluded from the canon Is it Gnostic Watch out Thomas may become your favorite gospel

Holy Fable Volume IV Robert M. Price,2020-04-21 In this fourth volume of Robert M Price s celebrated Holy Fable series he turns his critical lens away from the Bible and toward a broader range of scriptural works that were written or rediscovered in modern times Employing the same sympathetic but eagle eyed treatment that defined past volumes he offers in depth analysis of the Joseph Smith penned Book of Mormon the long sealed Gospel according to Thomas the New Age Jesus of the Aquarian Gospel the H P Lovecraft invented Necronomicon and the Andrew Lloyd Webber and Tim Rice rock opera Jesus Christ Superstar With his trademark scholarship and wit he demonstrates how and why this eclectic mix of contemporary scriptural work provides genuine spiritual inspiration to a colorful variety of religious groups and seekers today One Faith, Many Faithful William J. Byron,2012 Health Care Finance reform The future of Catholic schools Caring for the elderly Abortion Abuse scandals in the church Business management the economy and the very welfare of our society

Confronted with a storm of issues all of which call for their attention and concern contemporary Catholics often find themselves confused and uncertain and even at odds with each other when trying to apply their faith to the realities of the world they live in *One Faith Many Faithful* provides numerous essays or short takes that tackle the wide range of matters of concern to Catholics but does so in a spirit of complete faithfulness to Catholic teaching and tradition The collection is divided into four parts Religion and Ethics Business and Politics Education and Family and People and Ideas William J Byron SJ applies and explains principles of Catholic social teaching throughout the book which offers the reader clarity and concise exposition of the issues that are troubling the contemporary Catholic mind This book is for all Catholics who want to move beyond the limited scope of contemporary debates and actually apply the ancient principles of their faith to difficult issues

Book jacket *Variety and Unity in New Testament Thought* John Reumann,1991 The blend of variety and unity apparent in the thought of the New Testament has been a subject for theological debate through the ages Certain themse teachings and characterizations are clearly consistent but others are perplexing in their diversity This distinction was acknowledged by the New Testament writers themselves For example the author of 2 Peter looking back at the letters of our beloved brother Paul confesses that they contain some things hard to understand *The Canon of the New Testament* Bruce Manning Metzger,1987 A study of the long and gradual process in Church history which led to recognition of the canonical status of the books of the New Testament *The Credal Formulae of the New Testament* Ivan Havener,1976 *The Catholic Biblical Quarterly* Wendell Stephen Reilly,1971 Includes various reports of the Association *Diversity and Communion* Yves Congar,1985 Readers will discover in this landmark volume a prayerful knowledgeable and insightful documentary inquiry into the ecumenical movement Only a theologian and historian as critical and perceptive as Yves Congar could so cogently communicate the nature history key moments and issues of ecumenism from back cover **One Faith** William Henn,1995 What is faith according to the Old Testament How does Clement of Alexandria or Basil the Great describe faith William Henn addresses these questions in his new book that aspires toward full communion between now divided Christians by shedding light from the scriptures and the writings from the patristic era on what it means to be one in faith **Journal of Ecumenical Studies** ,1987 **Systematic Theology** James Leo Garrett,1990 Intended first of all for classroom use but also serving pastors and educated Christians who want to attain a deeper understanding of the Christian faith Garrett s Systematic Theology is a full scale exposition of the doctrinal teachings of the Christian faith **The Catholic Periodical and Literature Index** ,1974 **Creation & New Creation** John Reumann,1973 *Religious & Theological Resources* ,1971 **American Book Publishing Record** ,1970
