under the pen name the Unworthy Scholar from Pingjiang is remembered as the father of modern Chinese martial arts fiction  
one of the most distinctive forms of twentieth century Chinese culture and the inspiration for China's globally popular martial  
arts cinema In this book John Christopher Hamm shows how Xiang Kairan's work and career offer a new lens on the  
transformations of fiction and popular culture in early twentieth century China The Unworthy Scholar from Pingjiang situates  
Xiang Kairan's career in the larger contexts of Republican era China's publishing industry literary debates and political and  
social history At a time when writers associated with the New Culture movement promoted an aggressively modernizing  
vision of literature Xiang Kairan consciously cultivated his debt to homegrown narrative traditions Through careful readings  
of Xiang Kairan's work Hamm demonstrates that his writings far from being the formally fossilized and ideologically  
regressive relics their critics denounced represent a creative engagement with contemporary social and political currents  
and the demands and possibilities of an emerging cultural marketplace Hamm takes martial arts fiction beyond the confines  
of genre studies to situate it within a broader reexamination of Chinese literary modernity The first monograph on Xiang  
Kairan's fiction in any language The Unworthy Scholar from Pingjiang rewrites the history of early twentieth century Chinese

This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Tides has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
