Get this Amazon bestseller and discover how you can fulfill your dream of being an OUTSTANDING Nurse. You're about to discover how to Go from fearful incompetent new nursing graduate to a successful practicing nurse. This book contains the personal advice from Me, Caroline Porter Thomas. I am a successful Honors graduate and practicing registered nurse. I have been a registered nurse for more than half a decade in addition to being a new nurse. I have also trained many new graduate nurses to becoming competent registered nurses. I am also the host of the Youtube channel EmpowerRN and the author of the book *How to Succeed in Nursing School*. I wrote this book out of a huge concern with how terribly hard the transition from graduate nurse to competent nurse is. I thought after I graduated nursing school, I would be equipped to practice nursing successfully; nothing could have been farther from the truth. In addition to nursing job itself being hard, there were so many other challenges that I was not prepared to face. Including major time management issues, stressful co-worker relations, stressful patient/family relations, and much more. Here is a preview of what you'll learn: How to Get an Interview, Hired for a Registered Nursing Job, How to Handle Time Management as a New
