## New Perspectives on the American Presidency

# New Perspectives On The Presidency

**Donald B. Cole**

## New Perspectives On The Presidency:

**New Perspectives on the Presidency** Curtis Arthur Amlund,1969

**New Perspectives on Populism** Jeffrey Friedman,2022-11-10 Populism has taken the world by storm but what is it In this volume twelve political scientists and political theorists approach this question from a variety of new perspectives empirical and theoretic covering populism around the world In addition to chapters on populism in Eastern Europe and Britain six authors analyse populism in the United States treating it variously as a reaction against technocracy a form of technocracy a manifestation of regional and class norms a violent ideological import and potentially a progressive democratic phenomenon All the contributors attempt to understand populists on their own terms rather than reducing populism to a psychological or structural phenomenon This book was originally published as a special issue of the journal Critical Review

**The American Presidency** James W. Davis,1987

**New Perspectives on the International Order** Bertrand Badie,2018-06-29 We are told again and again that the world has become increasingly complex and indecipherable However this book reminds us that we are no longer alone in the world that it is time to move away from the mental categories of the Cold War and stop treating all those who challenge our vision of the international order as guilty deviants or Barbarians The author challenges the diplomacy of Western states who want to continue to rule the world against history and in particular that of France which too often oscillates between arrogance indecision and ambiguity The power play is stuck The international order can no longer be regulated by a small club of oligarchs who exclude the weaker ones ignore the demands of societies and ignore the demands for justice that emerge from a new world where the actors are more numerous more diverse and more restive to arbitrary disciplines For this reason this book also offers ways to think an international order that would be if not fair at least less unfair

**New Perspectives in Behavioral Cybersecurity II** Wayne Patterson,2025-08-06 As the digital world expands and cyber threats grow more sophisticated the need for insights from diverse disciplines becomes crucial Following on from the editor s 2023 title New Perspectives in Behavioral Cybersecurity I this book presents studies covering a wide range of the latest topics in cybersecurity from hybrid intelligence in banking security to the connection between physical and cybersecurity attitudes This volume introduces innovative perspectives from countries as varied as Brazil Bulgaria Cameroon and the Philippines among others reflecting the global nature of cyber challenges New Approaches in Behavioral Cybersecurity II Human Behavior for Business Profiling Linguistics and Voting brings together international perspectives that explore how human behavior intersects with cybersecurity The chapters highlight the integration of behavioral sciences such as psychology economics and sociology with traditional cybersecurity approaches Contributors examine linguistic differences in cyberattacks explore the impact of personality on hacking behavior and provide insights into ethical practices in the digital age The reader will be able to take a different and international look at the complex and evolving world of cybersecurity An ideal read for cybersecurity professionals human factors practitioners academics and students this book will help readers

broaden their understanding of how human behavior influences cyber defenses     **The American Presidency** Forrest McDonald,1994 McDonald explores how and why the presidency has evolved into such a complex and powerful institution unlike any other in the world He chronicles the presidency s creation implementation and evolution and explains why it s still working today despite its many perceived afflictions     The Changing American Presidency Richard W. Waterman,2007

Uncertain Warriors David M. Barrett,1993 Lyndon Johnson when it comes to his role in the Vietnam war is popularly portrayed as an irrational hawkish leader who bullied his advisers and refused to solicit a wide range of opinions That depiction David Barrett argues is simplistic and far from accurate     *New Perspectives in American Politics* Lucius J. Barker,2017-07-12 The official publication of the National Conference of Black Political Scientists this annual publication includes significant scholarly research reflecting the diverse interests of scholars from various backgrounds who use a variety of models approaches and methodologies What unites the organization and this annual publication is its focus on politics and policies that advantage or disadvantage groups by reasons of race ethnicity sex or other such factors The research itself may be done in a variety of contexts and settings This premier volume includes five feature articles and two special symposia In addition the publication includes bibliographical essays on politics and women American Indians Chicanos and Blacks as well as an assessment of recent books on Jesse Jackson     *Perspectives on Presidential Leadership* Michael Patrick Cullinane,Clare Frances Elliott,2014-02-18 In 2011 Barack Obama invited ten distinguished biographers to the White House to ask them one question which past American president should I emulate This was not the first time Obama asked scholars this but the answer he received would differ as presidential legacies waxed and waned In 2008 Obama chose Lincoln in 2009 Reagan and in 2010 Theodore Roosevelt Perspectives on Presidential Leadership is an examination of presidential legacy and in particular an analysis of the first ever UK ranking of American presidents which took place in 2011 In thirteen chapters thirteen individual presidential administrations are assessed Some presidents have been considered a success others a failure both types are featured in these thirteen case studies in a measured attempt to understand how the perception of presidential leadership evolves shifts and contorts across three centuries of American politics The case studies also derive from the expertise of the collected British Irish and Canadian authors all of whom are leading scholars in their fields and many of which took part in the 2011 survey At a time when understanding presidential legacy is in high demand this book offers a unique international perspective Through extended commentary and inter disciplinary study of the UK perspective it provides groundbreaking research     **The Presidency of Woodrow Wilson** Kendrick A. Clements,1992 Describes the goals and accomplishments of the Wilson administration and portrays his strengths as a leader Bibliog     A New Perspective on Governance, Leadership, Conflict and Nation Building in Sierra Leone Solomon E. Berewa,2011 Sierra Leone is in her final phase of a Post civil War rebuilding after twelve years of what has been dubbed one of the most devastating civil conflicts in Modern African History Since the advent and end of the conflict a lot has been written in the

forms of documentaries reportages commentaries satires and academic textbooks by journalists academics politicians former heads of state and political analysts However this book A New Perspective On Governance Leadership Conflict and Nation Building in Sierra Leone is different It presents a new outlook in the sense that it is incisive analytical honest educative and thought provoking at the same time The key message that runs through the veins of the theme is state renewal informed by new thinking spectacles that efficiently configure the manner in which the management of state leadership and governance is articulated for the benefits of the common good The author Solomon E Berewa was one of the key actors Chief Government Negotiator and stakeholder of the peace deals in his capacity as Minister of Justice and Attorney General and Vice President of the Republic of Sierra Leone He has written this masterpiece authoritatively by throwing fresh lights on the serious political issues and questions which have blurred the significance of the past and the present Like any sincere agent of nation building after a traumatic experience such as the one Sierra Leone went through the rationale of the author is to build bridges across the board political spectrums In his estimation it is only by looking into the past with open mind and sincerity learn tangible lessons and act on them meticulously that nations can be in position to surmount current challenges for the good and durability of a better tomorrow Post war Sierra Leone needs to have faith in this philosophy and crown it as the cornerstone in this crucial period of political and socio economic renewal **The Modern American Presidency** Lewis L. Gould,2009 The Modern American Presidency is a lively interpretive synthesis of 20th century leaders filled with intriguing insights into how the presidency has evolved as America rose to prominence on the world stage Gould traces the decline of the party system and the increasing importance of the media resulting in the rise of the president as celebrity 36 photos

New Perspectives on American Politics Lawrence C. Dodd,Calvin C. Jillson,1994 This collection of 17 original essays surveys all major aspects of American politics from political participation to institutional processes to public policymaking This book identifies recurring political themes social conduct and conflict issues candidates and elections policy agendas and institutional politics and asks if politicians of the 1990s can bring stability and coherence to the changing U S political system To facilitate understanding of contemporary American politics the role of ideas and issue agendas in shaping policy direction and governing processes is covered **New Perspectives on the American Past: 1607-1877** Stanley Nider Katz,Stanley I. Kutler,1972 *The Presidency of Franklin Pierce* Larry Gara,1991 An examination of American expansionism and diplomacy during Pierce s administration *The Presidency of Dwight D. Eisenhower* Chester J. Pach,Elmo Richardson,1991 The best single volume available on the Eisenhower presidency Stephen E Ambrose author of Eisenhower *Remaking the Presidency* Peri E. Arnold,2009 The first comprehensive study of the three Progressive Era presidents who stretched the limits of the early twentieth century presidency in order to meet the emerging public expectations Explains the leadership differences between the three presidents and looks at the impact the Progressive movement had on the office of the presidency **The Presidency of Franklin Delano Roosevelt** George T. McJimsey,2000 Concise and refreshingly

balanced this history portrays FDR as he confronted crises of epic proportions during his record 12 year tenure as our nation's chief executive McJimsey gives a fresh account of Roosevelt's landmark administration and offers a new perspective on the New Deal 12 photos

**The Presidency of Andrew Jackson** Donald B. Cole, 1993 In 1829 Andrew Jackson arrived in Washington in a carriage Eight years and two turbulent presidential terms later he left on a train Those years among the most prosperous in American history saw America transformed not only by growth in transportation but by the expansion of the market economy and the formation of the mass political party Jackson's ambivalence and that of his followers toward the new politics and the new economy is the story of this book Historians have often depicted the Old Hero or Old Hickory as bigger than life so prominent that his name was wed to an era Donald Cole presents a different Jackson one not always sure of himself and more controlled by than in control of the political and economic forces of his age He portrays Jackson as a leader who yearned for the agrarian past but was also entranced by the future of a growing market economy The dominant theme of Jackson's presidency Cole argues was his inconsistent and unsuccessful battle to resist market revolution Elected by a broad coalition of interest groups Jackson battled constantly not only his opponents but also his supporters He spent most of his first term rearranging his administration and contending with Congress His accomplishments were mostly negative relocating Indians vetoing road bills and the Bank bill and opposing nullification The greatest achievement of his administration the rise of the mass political party was more the work of advisers than of Jackson himself He did however make a lasting imprint Cole contends Through his strength passions and especially his anxiety Jackson symbolized the ambivalence of his fellow Americans at a decisive moment a time when the country was struggling with the conflict between the ideals of the Revolution and the realities of nineteenth century capitalism
