## **New Studies In Deontic Logic Norms Actions And The Foundations Of Ethics:**

**New Studies in Deontic Logic** Risto Hilpinen, 1981-10-31 The present volume is a sequel to Deontic Logic Introductory and Systematic Readings D Reidel Publishing Company Dordrecht 1971 its purpose is to offer a view of some of the main directions of research in contemporary deontic logic Most of the articles included in Introductory and Systematic Readings represent what may be called the standard modal approach to deontic logic in which de on tic logic is treated as a branch of modal logic and the normative concepts of obligation permission and prohibition are regarded as analogous to the alethic modalities necessity possibility and impossibility As Simo Knuutila shows in his contribution to the present volume this approach goes back to late medieval philosophy Several 14th century philosophers observed the analogies between deontic and alethic modalities and discussed the deontic interpretations of various laws of modal logic In contemporary deontic logic the modal approach was revived by G H von Wright s classic paper Deontic Logic 1951 Certain analogies between deontic and alethic modalities are obvious and uncontroversial but the standard approach has often been criticized on the ground that it exaggerates the analogies and tends to ignore those features of normative concepts which distinguish them from other modalities

**New Developments in Legal Reasoning and Logic** Shahid Rahman, Matthias Armgardt, Hans Christian Nordtveit Kvernenes, 2021-12-16 This book intends to unite studies in different fields related to the development of the relations between logic law and legal reasoning Combining historical and philosophical studies on legal reasoning in Civil and Common Law and on the often neglected Arabic and Talmudic traditions of jurisprudence this project unites these areas with recent technical developments in computer science This combination has resulted in renewed interest in deontic logic and logic of norms that stems from the interaction between artificial intelligence and law and their applications to these areas of logic The book also aims to motivate and launch a more intense interaction between the historical and philosophical work of Arabic Talmudic and European jurisprudence The publication discusses new insights in the interaction between logic and law and more precisely the study of different answers to the question what role does logic play in legal reasoning Varying perspectives include that of foundational studies such as logical principles and frameworks to applications and historical perspectives

**Handbook of Modal Logic** Patrick Blackburn, Johan F.A.K. van Benthem, Frank Wolter, 2006-11-03 The Handbook of Modal Logic contains 20 articles which collectively introduce contemporary modal logic survey current research and indicate the way in which the field is developing The articles survey the field from a wide variety of perspectives the underling theory is explored in depth modern computational approaches are treated and six major applications areas of modal logic in Mathematics Computer Science Artificial Intelligence Linguistics Game Theory and Philosophy are surveyed The book contains both well written expository articles suitable for beginners approaching the subject for the first time and advanced articles which will help those already familiar with the field to deepen their expertise Please visit [http://people.uleth.ca/~woods/RedSeriesPromo\\_WP\\_PubSLPR.html](http://people.uleth.ca/~woods/RedSeriesPromo_WP_PubSLPR.html) Compact modal logic reference Computational

approaches fully discussed Contemporary applications of modal logic covered in depth **The Legal Philosophy and Influence of Jeremy Bentham** Guillaume Tusseau,2014-06-20 Gathering together an impressive array of legal scholars from around the world this book features essays on Jeremy Bentham s major legal theoretical treatise Of the Limits of the Penal Branch of Jurisprudence reassessing Bentham s theories of law as well as his impact on jurisprudence While offering a suggestive picture of contemporary Bentham studies the book provides a thorough examination of concepts such as legal discourse legal norms legal system and subjective legal positions The book compares Bentham s approach with other landmark theories and the works of major legal philosophers including Austin Hart and Kelsen and explores Bentham s treatise through major trends in contemporary legal thought such as the imperative theory of law deontic logic Scandinavian and American legal realisms the pure theory of law and critical legal thought Resisting any apologetic stance the book elucidates how consistent with Bentham s all encompassing project of utilitarian reform Limits turns out to be and how this sheds light on contemporary modes of governance The book will be great use and interest to scholars and students of contemporary jurisprudence legal theory 19th century philosophy and public law

*Formal Aspects of Context* Pierre Bonzon,Marcos Cavalcanti,Rolf Nossen,2013-04-17 We welcome Volume 20 Formal Aspects of Context Context has always been recognised as strongly relevant to models in language philosophy logic and artificial intelligence In recent years theoretical advances in these areas and especially in logic have accelerated the study of context in the international community An annual conference is held and many researchers have come to realise that many of the old puzzles should be reconsidered with proper attention to context The volume editors and contributors are from among the most active front line researchers in the area and the contents shows how wide and vigorous this area is There are strong scientific connections with earlier volumes in the series I am confident that the appearance of this book in our series will help secure the study of context as an important area of applied logic D M Gabbay INTRODUCTION This book is a result of the First International and Interdisciplinary Conference on Modelling and Using Context which was organised in Rio de Janeiro in January 1997 and contains a selection of the papers presented there refereed and revised through a process of anonymous peer review The treatment of contexts as bona fide objects of logical formalisation has gained wide acceptance in recent years following the seminal impetus by McCarthy in his IJUning award address
