New Views On Luke And Acts:

New Views on Luke and Acts Earl Richard, 1990 This volume is a product of the Luke Acts Task Force of the Catholic Biblical Association The intended readership of this collection of articles is threefold The introductory essays address the relative beginner in Biblical studies as well as those who do not specialize in Luke and Acts These are provided with an overview of Luke the early Christian writer The principal reader of this collection however is the Biblical student and teacher who requires a relatively comprehensive survey of Lukan studies in terms of content and methodology Both teacher and student will find in these essays an excellent companion to the actual text of Luke and Acts At the same time a number of these essays break new ground and offer a challenge to other New Testament scholars *The Davidic Shepherd King in the Lukan Narrative* Sarah Harris, 2016-05-19 In Luke Acts Jesus can be seen to take on the attributes of the Davidic shepherd king a representation successfully conveyed through specific narrative devices The presence of the shepherds in the birth narrative can be understood as an indication of this understanding of Jesus Sarah Harris analyses the multiple ways scholars have viewed the shepherds as characters in the narrative and uses this as an example of how the theme of Jesus shepherd nature is interwoven into the narrative as a whole From the starting point of Jesus human life Harris moves to later events portrayed in Jesus ministry in which he is seen to enact his message as God's faithful Davidic shepherd in particular the parable of the Lost Sheep and the Zacchaeus pericope 19 1-10 Harris uses this latter encounter to underline that Jesus may be hailed as a King by the crowds as he enters Jerusalem but he is not simply a king He is God's Davidic Shepherd King as prophesied in Micah 5 and Ezekiel 34 who brings the gospel of peace and salvation to the earth

Reverberations of the Exodus in Scripture R. Michael Fox, 2014-05-12 Inner biblical studies is a blossoming field Within this growing specialization Reverberations of the Exodus in Scripture is a unique and refreshing contribution Unlike most studies in this area focusing either solely on how Old Testament passages interact with other Old Testament texts or on the use of the Old Testament in the New Testament this volume examines how a central and paradigmatic biblical event the exodus from Egypt resurfaces time and again in both testaments Furthermore the collaborative nature of this project has allowed specialists to construct each chapter Readers of Reverberations of the Exodus in Scripture will gain a better understanding of the role of the exodus throughout the biblical canon and a deeper appreciation for its place in biblical theology

Peter and Cornelius vanThanh Nguyen, 2012-11-29 The mission to the Gentiles and their conversion into the church gave rise to conflict in the early Christian community Acts 11 1-18 indicates that there was clearly dissension over the issue of Peter going to the house of Cornelius and participating in table fellowship with him The issue was no small matter since it could have split the church How then does Luke portray the resolution of the conflict Instead of writing a long theological treatise the author employs the art of storytelling The study of Luke Acts has

long been dominated by historical critical methods focusing on Luke as a historian and theologian. This work however proposes a paradigm shift by looking at Luke as a storyteller. Since narrative criticism is concerned with the work of the writer as author and not simply redactor and since it treats narrative precisely as narrative the time has come to apply the narrative critical approach to Acts 10 1 11 18. This approach explores a different set of questions. What is the story of Peter and Cornelius about? How is the story told? What effect does the story have on the reader and why?
