## **New Man New World:**

John Henry Newman and the Imagination Bernard Dive, 2018-05-17 For John Henry Newman religion is animated by an imaginative master vision which supplies the mind with spiritual life and peace All his life Newman reflected on this master vision His reflections on the moral imagination developed out of his understanding of practical wisdom as characterized by Aristotle the wisdom that the good man has in living a good life For Newman the vision at the core of religion completes and perfects the intuitions of the conscience John Henry Newman and the Imagination looks at how Newman's understanding of the moral and visionary imagination developed over the course of his life and it relates his ideas about the imagination to his portrayals of religious experience and vision in his novels and poetry Coleridge and Newman Philip C. Rule, 2004 By examining Samuel Taylor Coleridge's and John Henry Newman's parallel approaches to the central question of Christian apologetics the existence of God Coleridge and Newman The Centrality of Conscience documents more fully than ever before the extent of Coleridge's influence on Newman Both men sought to develop an argument for God's existence by understanding conscience as the moral self awareness that makes us human The study provides fresh readings of three texts by Coleridge and three by Newman The result of these comparative readings is a rhetoric that both informs and invites the reader to personal reflection **CliffsNotes on James' The American** James L. Roberts, 1999-03-03 This CliffsNotes guide includes everything you've come to expect from the trusted experts at CliffsNotes including analysis of the most widely read literary works Unity, 1905 **Mark Twain** Stuart Hutchinson, 1994 This book explores Twain's major writings as they address the New World and the Old race slavery imperialism the possibility of American literary form and the limits of humour Twain's humour is an expression of the pleasure and fun of life but it is also a response to ultimate contradictions and losses It is particularly American in that it rarely points to harmonies that might actually be enjoyed beyond itself It is the humour of someone always on the move if not on the run The absence of any destination in Twain other than the ultimate one of death is why his work is so formally unsettled There is no point of clarification where author narrator and readers can be expected to arrive together Texts treated in this book include The Innocents Abroad Roughing It Tom Sawyer Huckleberry Finn Life on the Mississippi The Gilded Age A Connecticut Yankee Pudd'nhead Wilson Following the Equator The Mysterious Stranger and several short pieces **The Holocaust and Latin America** Daniela Gleizer, Emmanuel Kahan, Yael Siman, 2025-06-13 This book explores the history of the Holocaust in relation to Latin America It is estimated that about 100 000 Jewish refugees immigrated to the region between 1933 and 1945 Despite the critical role Latin America played in sheltering Jewish refugees from Nazism the region has remained largely on the margins of Holocaust studies The volume adopts a global perspective examining the Holocaust's connections to Latin America both as a region and as a mosaic of distinct national contexts Structured around three key themes migration settlement and memory the book not only addresses the immigration policies of Latin American governments but also amplifies the experiences and voices of Jewish survivors
