Patzia,2025-08-28

The story of the making of the New Testament is one in which scrolls bumped across cobbled Roman roads and pitched through rolling Mediterranean seas finally finding their destinations in stuffy dimly lit Christian house churches in Corinth or Colossae There they were read aloud and reread handled and copied forwarded and collected studied and treasured And eventually they were brought together to make up our New Testament This revised and expanded edition of The Making of the New Testament is a textbook introduction to the origin collection copying and canonizing of the New Testament documents Like shrewd detectives reading subtle whispers of evidence biblical scholars have studied the trail of clues and pieced together the story of these books Arthur Patzia tells the story answering our many questions How were books and documents produced in the first century What motivated the early Christians to commit teaching and narrative and vision to papyrus How were the stories and sayings of Jesus circulated handed down and shaped into Gospels What do we know about ancient letter writing secretaries and copy shops Why were four Gospels included instead of just one How were Paul s letters sent here and there gathered into a single collection Who decided and by what criteria which documents would be included in the New Testament Explore these questions and more about these Scriptures whose everyday gritty story rings true to their extraordinary message the palpable mystery of the Word made flesh **The Text of the New Testament** J. Harold Greenlee,2008-06-01 The Text of the New Testament is a brief introduction for the lay person into the process whereby the New Testament came to be It describes the basics of ancient writing tools manuscripts the work of scribes and how to think about differences in what the various manuscripts say This is

a revised and expanded edition with a completely new chapter on how contemporary English translations fit in with our understanding of the New Testament text. Geared to the lay person who is uninformed or confused about textual criticism Greenlee begins this volume by explaining the production of ancient manuscripts. He then traces the history of the development of the New Testament text. Readers are next introduced to the basic principles of textual criticism the concept of variant readings and how to determine which variant has the greatest likelihood of being the original reading. To illustrate the basic principles several sample New Testament texts are examined. The book concludes by putting textual criticism in perspective as involving only a minute portion of the entire New Testament text the bulk of which is indisputably attested by the manuscripts. **Rethinking New Testament Textual Criticism** David Alan Black, 2002-10. In this concise guide leading scholars survey the discipline and present three current approaches to determining the text of the New Testament.

40 Questions About the Text and Canon of the New Testament Charles L. Quarles, L. Scott Kellum, 2023-06-20. How did the New Testament come to be? The writings that comprise the New Testament are critical for understanding the life, teachings, and impact of Jesus of Nazareth, all of which are central to Christianity. But how were these texts circulated, collected, and given their canonical status? Is the New Testament a trustworthy source for learning about Jesus and the early church? New Testament scholars L. Scott Kellum and Charles L. Quarles address the most pressing questions regarding the study of New Testament texts, their transmission, and their collection into the canon, such as: What happened to the original manuscripts of the New Testament? With all the variants, can we still speak of inspiration and inerrancy? What are the competing views on canon? Did the apostles recognize contemporaneous books as Scripture? Did the early councils decide the canon? 40 Questions About the Text and Canon of the New Testament uses a question and answer format so readers can pursue the issues that interest them most with additional resources at 40questions.net.
