Toward a Theology of Struggle Eleazar S. Fernandez, 2009-02-01 The Theology of Struggle is a genuinely popular Fillipino theology rooted in the history and culture of a people who have endured colonial oppression at the hands of Spain North America and Japan as well as neo colonialism and home grown dictatorship Because Christianity has played a role in assisting the history of oppression in the Phillippines a theology of struggle must include a struggle in theology to wrest Christian symbols from the hands of the oppressors and return them to the poor This theology which is otherwise expressed in articles poems art and action receives its first systematic treatment in *Toward a Theology of Struggle* In Part One Fernandez establishes the historical and cultural context out of which the Theology of Struggle has emerged Part Two represents Fernandez s own constructive work in which he shows how a theology of struggle must address the quest for identity and peoplehood In Part Three Fernandez explores the question of theological method outlining the areas of convergence and distinction between the Theology of struggle and other Third World theologies as well as setting forth the distinctive challenge that this theology of the Philippines poses to the authority and dominance of Western theology as a whole

*Theology from the Womb of Asia* C.S. Song, 2005-07-07 With *Theology from the Womb of Asia* Song continues to demonstrate that he is one of the most creative and important theologians of our time He forces us to expand the horizons of our theological vision not only by drawing on the resources of Asian thought and experience but also by insisting that we do theology with passion Here he offers images fables poems parables and visions woven together with his own compelling prose The biblical stories with which we thought we were familiar become new and more compelling stories when we revisit them with this able and wise guide And our whole approach to life and living is transformed by the freshness he breathes into all that he surveys with us Robert McAfee Brown Professor Emeritus of Theology and Ethics Pacific School of Religion In *Theology from the Womb of Asia* C S Song shows how the story of God s compassion in Jesus and the many heartrending stories and poems of the Asian people are reaching out towards each other Doing theology in this perspective is not a matter of application of doctrine but of recognition of a relation between the suffering God and suffering humanity which transcends many artificial and alienating distinctions The book is an appeal to Asian theologians but at the same time a necessary challenge to a Western academic theology and missionary thinking Bert Hoedemaker Professor of Missions and Christian Ethics University of Groningen the Netherlands A splendid example of doing theology with Asian resources A breath of fresh air to liven up traditional theology using original reflections and observations with the backing of close knowledge of
