 ,1991-01 **Eclipse Day - 2024 and More!** Gordon Telepun,2022-03-31 This solar eclipse preparation book is unlike any
 other solar eclipse book you will find It is the ultimate preparation resource for the 2024 solar eclipse If you read this book
 and use my Solar Eclipse Timer timing app for the eclipse you have no better way to be prepared I write the specific
 techniques for eclipse observation and photography that I use This is a how to do it book it is a conversation with the reader
 It is not a book of generic recommendations If you are an eclipse novice and follow my examples you should be wildly
 successful It is based on my experience of five successful eclipse expeditions and thoughtful analysis of the entire eclipse
 experience I am also the developer of the Solar Eclipse Timer mobile app that became the number one eclipse guide app for
 the 2017 U S solar eclipse It was also used during the 2019 and 2020 eclipses In the first section the book s chapters are
 organized in the order of the progression of events that happen on eclipse day from arriving at your observing site to leaving
 at the end of the eclipse I have divided eclipse day into 28 stages each of which is a chapter Each chapter then covers
 everything you need to know about that stage of the eclipse preparation observation photography videography astronomy
 and science This is a unique organization for an eclipse book Over 100 of my actual eclipse photos are in the book and the

exposure settings accompany every eclipse photo so you can figure out how to use your gear to reproduce the exposure I teach you how to assess the performance of your equipment for eclipse photography In addition there are over 140 other photos that support eclipse education More than 225 Illustrations in the book including detailed explanations of how to use the interactive internet maps for planning will guide you through planning your eclipse day and give clarity to all of the unique science and phenomena that embody the eclipse experience Photography videography and observation tips are emphasized throughout the book with over 175 concise single statement color coded dialogue boxes A list of Important Take Away Points is found at the end of the 28 chapters of the book s first section This book is a multimedia experience providing 10 embedded videos 12 image galleries and 18 audio files Where relevant there are hyperlinks to my YouTube videos on eclipse subjects and hyperlinks to other important eclipse videos and resources I ve written four helpful PDF documents and links to them are provided Print these out for your convenience Eclipse Day Check List Partial Phase Image Sequence Worksheet Photographer s Master Stop Chart and Travel Eclipse Decision Matrix Worksheet There is no other book available that explains in such detail the wonderful phenomena that occur during the partial phases of the eclipse including simple experiments that students can perform Links to my detailed YouTube videos about these phenomena are provided The second section of the book is more like a standard eclipse book with chapters on basic eclipse astronomy photography and videography The eclipse photography chapter outlines a 6 Step process to succeed at your first eclipse Data for using different types of solar filters are included A unique chapter called Mistakes I Have Made briefly outlines every photography error I have made at eclipses so you can learn from my mistakes and not repeat them
