Perry,2016-06-27 In this book Simon Perry has brought together a discussion of politics philosophy religion and science by
using the Declaration of Independence as a backdrop He questions whether Jefferson was motivated by God Is there a role
for religion in our government Is God real or a fantasy Is the Good Book really good Why has man turned to God to achieve
eternal life Does the mythicism of creation prevail over evolution Is man indoctrinated at an early age to accept God
unconditionally These are but a few of the questions that he deals with As you read you will discover others He spent five
years researching this book and it relies heavily on the great scholars of religion science and politics This book lays bare our

Studies in Early Modern Philosophy is an annual series presenting a selection of the best current work in the history of early
modern philosophy It focuses on the seventeenth and eighteenth centuries the extraordinary period of intellectual flourishing
that begins very roughly with Descartes and his contemporaries and ends with Kant It also publishes papers on thinkers or
movements outside of that framework provided they are important in illuminating early modern thought The articles in
OSEMP will be of importance to specialists within the discipline but the editors also intend that they should appeal to a
larger audience of philosophers intellectual historians and others who are interested in the development of modern thought
