Australia's Rural, Remote and Indigenous Health Janie Dade Smith, 2016-02-06 Australia's Rural, Remote and Indigenous Health 3e is a practical guide to the delivery of health care in rural and remote Australia. Drawing on personal experiences of rural and remote practitioners, historical accounts, literature analysis and epidemiology, this frank and engaging text examines the economic, social and political forces that shape healthcare in rural and remote Australia. With limited current resources to support studies in rural and remote healthcare, this title bridges the gap by offering valuable insights into Indigenous life and social determinants of health through the use of storytelling. It offers consultation signposts and practical principles for working with Indigenous Australians. The audio consultation gives a first hand account of the experience of a remote area nurse managing an emergency case. The videos contain first hand experience of rural and remote practice, as well as tips to help prepare those new to rural or remote practice.

Australia's 'war on terror' Discourse Dr Kathleen Gleeson, 2014-07-28 Too often existing literature has conflated the discourses that enabled the War on Terror, ignoring the contextual specificities of the states that make up the Coalition. The Willing Australia's war on terror Discourse fills this gap by providing a full and sustained critical analysis of Australian foreign policy discourse along with the theoretical synthesis for a specific model of critical discourse analysis of the subject.
