### Starting and Stopping Minitab

To start, double-click the icon in the Program Manager.  
To stop, choose File > Exit.

### Overview

Minitab for Windows gives you a data analysis environment that consists of the following:

- A worksheet that contains your data and is shown in the Data window.
- Menus and dialog boxes for statistical analysis, data manipulation, and data transformation.
- A Session window that displays your results and allows you to type in session commands at a prompt. Most menu commands have equivalent session commands. You can interrupt session commands and session commands throughout your session if you wish.
- A pop-up Command Line Editor that allows you to quickly edit and re-execute session commands.
- Graph windows for high-resolution graphs.
- An Info window that always shows you a summary of your current worksheet.
- A History window that gives you a record of the commands you have used without the output.
- Context-sensitive Help for doing tests, Session window commands, and command interpretation.
- A complete macro language that lets you automate repetitive tasks, extend Minitab's functionality, and even design your own commands.
